They must be set within 20 feet of the water; will draw it that far and force it up 90 feet. They are very satisfactory in wells not over 100 feet deep.

## PREFACE.

---

During the last decade the growth and prominence given to fraternal and beneficiary societies has been one of the remarkable features in the history of all civilized countries, and especially in the United States. In this boasted age of progress the accumulation of large fortunes by individuals and centralization of wealth in great cities has had a tendency to distract society and impose grievous burdens on the masses. Whilst monopolies have been built, the beneficent effects of coöperation have been learned. These great benevolent organizations have been the educators, refuge and protection to the toiling millions in the middle walks of life. It seems to be an inevitable result that, wherever the highest enlightenment is attained, there these fraternal and co-operative societies are the most prosperous and have become leading factors of the body politic. Their popularity is such that it is hard to find a leading citizen but what holds a membership in one or more of these organizations.

Even woman has entered into the spirit of the age, and demands at the hands of her brother a right to enter the portals of the lodge room, and been admitted with equal rights and privileges. It is patent to all, that the leading citizens in every community, and even the men who are called to preside as governors, legislators, and councilmen, in national and state affairs, are enthusiastic members of these great benevolent organizations, and meet on a common level the hardy sons of toil in the lodge room. We have deemed it an enterprise in keeping with these growing humanitarian Societies, to issue an Illustrated Fraternal Directory, containing fine engravings and short sketches of over 100 prominent fraternal society men, and a directory of the leading fraternal and beneficiary societies of the Pacific Coast. We have received material and cordial aid and encouragement from a number of leading citizens and executive officers of different grand bodies, to whom we are indebted for much of the valuable information we are enabled to give our patrons. To the Fraternal World, whose great benevolent heart is always ready with the mantle of charity to cover the mistakes and short-comings of its fellow creatures, we submit this volume, hoping to receive their approval and patronage.

**JONATHAN DRAKE STEVENSON,**

First M. W. Grand Master of California.

Col. Stevenson, venerable and distinguished brother, was elected the first Grand Master of the Grand Lodge of California, April 17th, 1850. During a long and useful life he has justly earned the title of being the father and founder of Freemasonry on the Pacific Coast.

His masonic career commenced in Phoenix Lodge, No. 40, New York, in 1821, and he was elected Senior Warden of his lodge, December, 22, 1882. "He has the honor of having been the Master of the only lodge in the City of New

York that had courage to hold regular meetings and perform the Masonic work during that unreasonable panic and fanatical craze."

He received the Royal Arch degree of Masonry in Phoenix Chapter, New York city, in 1832, and was elected King. The celebrated "Stevenson's Regiment" was recruited by him, under authority to sail around the Horn and serve in California. He commenced this work at the adjournment of the Legislature of New York, of which he was a member. As a lawyer, military man, and civilian he has filled exalted positions, and during a long and arduous career in serving his country and humanity he has led an honest and blameless life. Our esteemed brother is nearly ninety years old, and until a recent accident was performing the active duties of life. As men and Masons we can point with pride to such men as our countrymen and fathers.

**V. W. ALEXANDER GURDON ABELL, K. T., 33 Degree,**

Grand Secretary of the Grand Lodge of California.

In the life and career of the Grand Secretary of the Grand Lodge of California, which position he has held for 33 years, is a striking illustration of devotion and efficient service seldom seen in any society or country.

Brother Abell is a native of New York, well-preserved, 70 years of age, has a vigorous, elastic step, and capability in the active duties of life that has been polished by a life's work in Masonry. He has held various offices of trust and responsibility, among which are United States Consul to the Sandwich Islands and State Senator from San Francisco.

Mr. Abell was made a Mason in Federal Lodge, No. 1, Washington City, D. C., on the 11th day of May, 1852; was exalted to the Royal Arch in Colum-

bia Chapter, No. 15, Washington City, May 16th, 1852; received the orders of Knighthood in Washington Encampment No. 1, in the same city, June 16th, 1852; and was made an Inspector General of the 33 degree in the Supreme Council for the Southern Jurisdiction of the United States, in the city of Charleston, S. C., in 1868. In 1855 he was elected Master of California Lodge, No. 1, and filled the position for two years. He served California Chapter of Royal Arch Masons, No. 5, one year as its High Priest; for eight years was Commander of California Commandery, No. 1, of Knights Templar; was Grand High Priest of the Grand Chapter one year; Grand Commander of the Knights Templar of California during the year 1861; and is at present an Honorary Inspector General of the 33 degree of the Ancient and Accepted Scottish Rite. To his untiring energy and perseverance the Masonic fraternity owe the existence of their magnificent Temple in San Francisco. He has been President and General Manager of the Masonic Hall Association ever since its organization in 1859.

**THOMAS HUBBARD CASWELL.**

Grand Secretary of Grand Chapter R. A. M., and Grand Recorder of K. T. and S. M. of California.

There is no man on the Pacific Coast more prominent in the higher degrees of Masonry than Judge Caswell. His genial nature, broad experience, and high literary attainments make him a fit representative of these eminent orders. His former occupation and profession, as editor, lawyer, and judge were filled with distinction, credit, and ability.

His masonic life commenced in Nevada City in 1850. He was exalted to the Royal Arch degree, January, 1855 ; created Knight Templar, April 5, 1855 ; crowned an active thirty-third degree member of Supreme Council for Southern Jurisdiction in the city of Baltimore, May, 1870 ; and in October, 1882, was made Grand Minister of State of the Supreme Council, 33d degree Inspector Grand, for the Southern Jurisdiction of the United States.

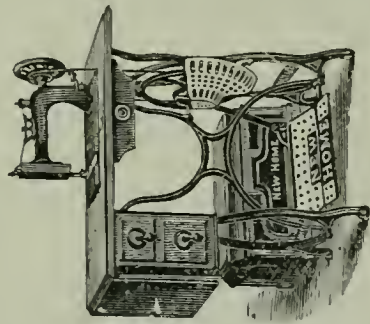

He was Master of Nevada Lodge, No. 13, for four years ; High Priest of Nevada Chapter, No. 6, for nine years ; Commander of Nevada Commandery, No. 6, for 3 years ; elected Grand High Priest in 1858, Grand Commander in 1873, and Grand Secretary of the Grand Chapter and Grand Recorder of the Grand Commandery of California in 1878, which position he still occupies. At the recent session of the Supreme Council of 33d degree of A. & A. S. R., Southern Jurisdiction, held at Washington City, Mr. Caswell was elected Grand Minister of State of that body.

**SIR HIRAM T. GRAVES.**

The following sketch is from the Masonic Record : He was raised a Master Mason in St. Paul's Lodge, No. 124, in Auburn, N. Y., December, 1848, exalted to the Royal Arch degree in David's Chapter, No. 34, of the same place, August, 1853, and knighted in Salem Town Commandery, No. 16, at Auburn, in March, 1859. He came to California in 1849, and has taken an active part in establishing and advancing Masonry on the Pacific Coast. He served as Master of Golden Gate Lodge, No. 30, in San Francisco, High Priest of California

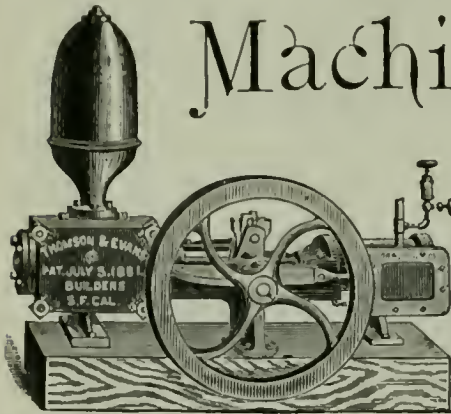

Chapter No. 5, Commander of California Commandery, No. 1, and has held the office of Grand Treasurer of the Grand Chapter of Royal Arch Masons of the State of California since April, 1874. He filled the honorable and responsible position of Grand Commander of the Grand Commandery of California in 1876-'77 and '78. He was elected Secretary of the Triennial Committee in 1878. Mr. Graves seems to have inherited in some degree his love of Masonry, as his father, who died in San Francisco in 1880, had been a valiant Sir Knight over fifty years, and at the time of his death was the oldest Mason on the Coast.

Mr. Graves has an abiding faith in the future of the Order, is frank and manly in bearing, believes that all Masons are brothers that owe each other assistance and sympathy, and his genial nature and personal character exemplify in the highest degree the noble and magnanimous principles of Masonry.

**SIR CLAY WEBSTER TAYLOR,**

Past Grand Master.

Senator Taylor has achieved greatness by his own exertions. Nature fashioned him in a mould of attractiveness, and his great intellect and commanding form stamp him as a leader. Commencing in early life, at the age of fourteen years, he has struggled on and placed himself in the front rank as an attorney-at-law, statesman and citizen. At the earnest solicitation of the bet-

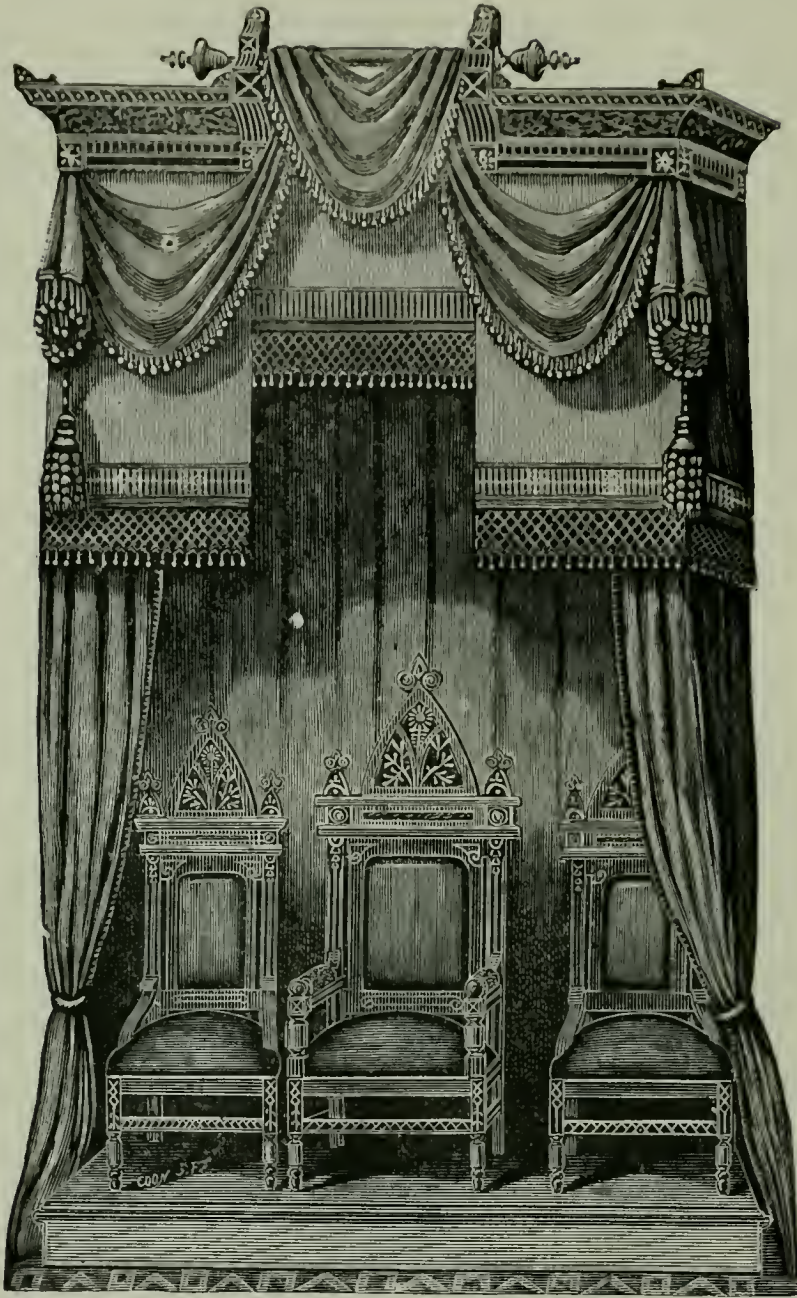

ter element of society, without regard to party, he served as District Attorney of Shasta County 11 years. As Senator from the 24th District he gained a high reputation, and was a prominent candidate for Governor.

He served two terms as Most Worshipful Grand Master of Free and Accepted Masons with signal ability, and has been advanced to the thirty-third degree in Scottish Rite Masonry, and is also a Knight Templar.

He has been a conspicuous factor in building up the A. O. U. W., and served as Grand Master Workman one term, and also Representative to the Supreme Lodge. It was appropriately said of him by a contemporary:

"He is a man conspicuous among that class of clean California statesman who have lived their lives here, trained in our ways, knowing our needs, and who aim to elevate, purify and dignify the profession of politics."

**EDMUND C. ATKINSON,**

M. W. Past Grand Master Mason.

Edmund Clement Atkinson is a native of Maine, and aged about 50 years. He is a descendant from Sir Hugh Atkinson, of Oxfordshire, England, whose coat of arms, consisting of a cross voided between four rampant lions represented on a blue field, and surmounted by a helmet, is still in the possession of the Atkinson family. This portrait is a very fair likeness.

He was born at Charleston, Maine, November 17th, 1837. The early part of his life was spent on a farm, attending school, teaching and as a student at Waterville College. He was for several years a teacher in Comer's Commercial College, Boston, and afterwards joint owner of a chain of commercial colleges at Janesville and Oshkosh, Wisconsin, and Rockford, Illinois, known as Atkinson & Reed's Business Colleges.

On his arrival in California in 1872, he founded the Sacramento Business College, which has become prominent among the educational institutions of the State. His scholarly attainments, classical education and literary pursuits, coupled with natural ability, render him an able and fluent writer, and a most interesting and impressive speaker.

As a Mason, he is earnest, zealous and faithful. His Masonic character is a living exemplification of the principles of the Order. He is member and Past Master of Sacramento Lodge, No. 40, a Companion of Sacramento Chapter, No. 3, Royal Arch Masons, and a Knight Templar in Sacramento Commandery No. 2.

In 1882 he was elected Senior Grand Warden, and for two years thereafter was re-elected to the same position. At the Annual Convocation of 1885 he was advanced to Deputy Grand Master, and at the communication of 1886 he was elected M. W. Grand Master.

He still resides in the city of Sacramento, and devotes his whole time to the duties of his position as principal of his business college.

# PALERMO!

The Gem Colony and Future City of the Northern Citrus Belt.

The Largest Orange Grove in the State is at PALERMO—One Hundred and Seventy Acres Planted in the Choicest Varieties of Florida Trees.

OVER ONE-THIRD OF THE COLONY SOLD IN THIRTY DAYS.

PALERMO lies five miles south of Oroville, on the line of the Northern California Railroad, in the heart of the Citrus Belt. Surrounding the townsite are Two Thousand Acres of the Choicest Fruit Lands, subdivided into one, two, three, four, five, ten, fifteen and twenty-acre lots, over two-thirds of which are now sold, and the balance are offered, with water piped to each, the free use of which is given for four years, at prices ranging from \$60 to \$100 per acre, according to the distance from the depot.

PALERMO is the natural home of all Citrus and Deciduous Fruits. Improvements of the most substantial and permanent character are already being made, and although the colony is only a little more than a month old, it now boasts of the largest orange grove in the State. The land is offered on a long credit, only one-third being cash, the balance payable in one and two years, with interest at seven per cent. per annum; or purchasers can pay in small monthly installments.

**HON. GEORGE CLEMENT PERKINS,**

Past Grand Master.

Ex-Governor Perkins is one of California's favorite sons. Through an arduous life commencing as a cabin boy, he has steadily advanced in wealth, honor, position, and the esteem of his countrymen. He has filled with credit the office of Governor of this State, and is now one of the firm of Goodall, Perkins & Co., owners of the Pacific Coast Steamship Company.

Mr. Perkins was raised a Master Mason in Oroville Lodge, No. 103, December 15, 1859, and after holding nearly all the offices in his Lodge, including that of Worshipful Master, he was elected Grand Junior Warden of the

Grand Lodge of California in 1871, Grand Senior Warden in 1872, Deputy Grand Master in 1873, and Grand Master in 1874, by an almost unanimous vote. He was knighted October 23, 1861, in Oroville Commandery, No. 5, in which he held the positions of Junior and Senior Warden, Captain of the Guard, Recorder and Commander. In 1868 he was elected Grand Senior Warden of the Grand Commandery of California, Grand Standard-bearer in 1871, and Grand Commander in April, 1883, and Chairman of the Triennial Conclave Committee. He has always been a great favorite with the Order, warmly attached to the principles of Masonry, and always finding time in the midst of his extensive business to visit the Lodge.

Bro. Perkins is a fluent, eloquent, and forcible speaker, courteous and affable to all classes, a steadfast friend, given to large hospitality, and generous in his liberality to the poor. In the Senate, in the Grand Lodge, in the Grand Commandery, in the Merchants' Exchange, in political conventions, he has always evinced the talents of a leader, and commanded respect.

**SIR JOHN WERNER SHAEFFER, 33 Deg.**

Among Masons on this coast there is no name so familiar as Grand Lecturer Shaeffer. He was appointed Grand Lecturer of the Grand Lodge of California in October, 1869, and, with the exception of one year, has occupied that responsible position continuously up to the present time. His patient, amia-

ble and genial disposition, coupled with long experience, especially qualifies him for the peculiar duties of his important office; and the many encomiums bestowed upon him by successive Grand Masters are a sufficient guaranty of his efficiency and capability in the discharge of his duties.

Bro. Shaeffer is a member of California Chapter, No. 5, Royal Arch Masons, and California Commandery, No. 1, Knights Templar, and an Inspector General of the 33 deg., and last degree of the Ancient and Accepted Scottish Rite of Free Masonry. He is genial, affable, and generous. As a manufacturer and business man he is a pioneer, and one of the leading houses on the Pacific Coast.

**SIR SOLOMON LATHROP.**

The subject of our sketch is descended from an ancestry of sterling worth and notoriety. He is one of the leading citizens of Oakland, and it may be truly said he is a citizen of unblemished reputation and high standing in his community.

In his social and domestic relations, Sir Knight Lathrop is genial, affable, and kind. He has a worthy wife and interesting family.

Sir Knight Lathrop's Masonic history dates from 1851, when he took the Blue Lodge degrees in East Saginaw, Mich., in the lodge of the same name, No. 77. He went no higher in the work until after he came to California, when he took the Chapter degree, Royal Arch, in Grass Valley Chapter, No. 18, and the Commandery Degree in Nevada Commandery, No. 6, being knighted by Sir Charles Marsh. Sir Knight Lathrop is a charter member of Oakland Commandery, No. 11, and has had the high honor of receiving the election of Commander for the past four years in succession, having also previously held important offices. This fact, showing the appreciation in which he is held by his intelligent brother Sir Knights, speaks more in his praise than would columns of print.

**V. W. NATHAN WESTON SPAULDING,**

Grand Treasurer, Grand Lodge, California.

The pioneers of California passed through an ordeal that tested character and capability. The trials and triumphs in California life are well illustrated in the career of our Grand Treasurer. In 1852 he was whip-sawing on the

mountains, to procure lumber to turn the river bed of the Mokelumne. Since then he has become the inventor and patentee of the celebrated Spaulding Saw Tooth, and is now one of the largest manufacturers of saw teeth in the world. In public and private life he has maintained a spotless reputation. His useful inventions and business tact have brought him wealth, and the offices of trust and honor which he has filled have come to him without solicitation. His Masonic record is almost continued service in office since 1855.

He was W. M. of Mission, 169, for two years, and W. M. of Oakland, 1888, six years, and filled some office in Alameda Chapter for ten consecutive years. He is Past Commander of Oakland Commandery, and member of Scottish Rite, 33 degree.

He is an active member of the Masonic Veteran Association, and for many years was a member of the Masonic Board of Relief. In the Independent Order of Odd Fellows he holds a membership, and also in the Encampment. Four years he was a member of the City Council, and two terms Mayor of Oakland. He was Assistant United States Treasurer from 1881 to 1885, and is now one of the Regents of Leland Stanford, Jr., University. He is noted for his generosity, patience, constancy and fidelity; is a true friend, forbearing and forgiving; fashions, conquers and leads by the Golden Rule.

### SIR JOHN MASON BUFFINGTON.

The life and career of Bro. Buffington are a model exemplification of a humanitarian and Christian gentleman. He is president of the Young Men's Christian Association of Oakland, and has recently been re-elected to that important office for the third time. Mr. Buffington, not long since, conceived the idea of establishing a fund for the aid of superannuated ministers, and in the execution of this idea, traveled hundreds of miles, and succeeded in collecting some five thousand dollars for this charitable purpose. He has ever taken a deep interest in the Sunday School cause, and for half a century has been a constant and enthusiastic laborer in this field of religious work. In the Masonic fraternity Mr. Buffington takes high rank. He is a member of California Lodge, No. 1, of Master Masons; California Chapter, No. 5, of Royal Arch Masons; California Council, No. 2, of Royal and Select Masters; California Commandery, No. 1, Knights Templar; Oakland Lodge of Perfection, No. 12; Wise Master of Gethsemane Chapter, No. 5, of Rose Croix; Chancellor du Molay Council, No. 2, Knights of Kadosh, and is an active member of the Grand Consistory of California. He has also been admitted to the thirty-third and last degree of the Ancient and Accepted Scottish Rite of Freemasonry.

**JAMES BESTOR MERRITT, 33 Deg.**

In the social circle, among business men, and in fraternal organizations, Bro. Merritt occupies a position of honor, trust and popularity. He is a self-made man, and by his own exertions in manual and literary pursuits, in teaching school in winter and farming in summer, laid the foundation for his successful career. He was born in Alabama, 1839, and the Huguenot on the side of the father and the Puritan on the side of the mother were his ancestry. His occupations as teacher, farmer, millman, magistrate, and manufacturer have been filled with credit and tact. Surrounded by an interesting family, consisting of wife and five children—one son and four daughters—a beautiful home in Seminary Park, Alameda, it may be truly said that he has carved his way up, and that his life has been useful and full of honor. He is now manager of the California Fuse Association, which position he has filled since 1879.

In Fraternal Society life he occupies memberships as follows:

He was raised to the sublime degree of a Master Mason, Jan. 1866, in St. Mark's Lodge, No. 36, Simsbury, Conn.; demitted to Payson Lodge, No. 379, Payson, Ill.; and to Oak Grove Lodge, No. 215, Alameda, Cal., which lodge he served as Master in 1885. Was exalted a Royal Arch Mason in 1881, in Alameda Chapter, No. 36, Oakland, and knighted in Oakland Commandery, No. 11, K. T., in 1881. Was Eminent Commander of Oakland Commandery in 1887. Received the degrees of the Scottish Rite in San Francisco in 1882, and assisted in the formation of the bodies of that Rite in Oakland in 1883. Was Venerable Master of the Oakland Lodge of Perfection, No. 12, in 1885. Was Wise Master Gethsemane Chapter Knights Rose Croix, No. 5, in 1886. Was Commander of De Molay Council of Kadosh, No. 3, in 1887. Crowned an Honorary Inspector General of the 33d degree, Jan. 16, 1887. Was greeted a Royal and Select Master in Oakland Council, No. 12, in 1882, and was Thrice Illustrious Master in 1884, and was elected M. P. Grand Master of the State of Cal. April 16, 1888. Crossed the hot sands of the desert with the first San Francisco Caravan in Aug. 1883, and having passed the Moslem test, is a member of Islam Temple Nobles of the Mystic Shrine. He is also Charter Member of Garden City Lodge, No. 1745, Knights of Honor, Charter Member of Ashler Lodge No. 165, A. O. U. W.

**WALTER SCOTT BROWN,**

President of the Past Masters' Association of California.

This is an age of society life. It is well illustrated in the life of our genial frater, whose portrait adorns this page. He was born in Niagara, Province of Ontario, in 1836. At the age of twenty-two years he was raised to the degree of Master Mason, and in December of the same year was elected Junior Warden of his lodge. In 1858 he was elected Worshipful Master, and succeeded himself for three years. In 1864 he came to California, and affiliated with Oriental Lodge soon after. He was elected President of the Past Masters' Association of California in 1886, re-elected in 1887, and is now serving as such for

1888. He holds membership in California Chapter, No. 4, Order Eastern Star, American Legion of Honor, Caledonian Club, Society of True Friends, Canadian Association, Legion of the West, and several benevolent and social societies. In each of these organizations he has always taken a leading position and official station, and is now Grand Vice-Commander in the Legion of the West. Although he has given a great deal of time to fraternal and beneficiary orders, he maintains a high standing among business men, is a member of the San Francisco Board of Trade, and head of the house of Brown & Metzner, importers and wholesale agents for manufacturers for some of the largest houses in the United States, in silk, woolen, cotton and flax.

As a merchant he has been prosperous, as a citizen he is highly respected, especially among his associates in the council room or around the festive board, where by wise counsel or kindly expressions he has the rare faculty of making every one feel at ease, and the lodge room a happy society home.

**ABRAHAM POWELL.**

Among the "Argonauts" who have been closely identified with the growth of our State, Abraham Powell, manager of the Puget Sound Company, occupies a prominent position. He arrived in California in 1849, and during all these years he has been associated in the great lumber interests of our coast, and is now at the head of one in the State.

Although he has been in active business life, requiring arduous mental labor, he has taken time to foster and promote our leading fraternal societies. Was made a Mason July 6th, 1854, in Integrity Lodge, No. 187, Philadelphia; exalted June 12th, 1868, in Naval Chapter at Vallejo, California, and knighted

August 6th, 1869, in California Commandery No. 1, California. He is also thirty-second degree Scottish Rite, and a member of the Masonic Veterans and of the Shrine. Was one of the petitioners for Masonic charter (No. 87) at Vallejo, which was organized under dispensation July 17th, 1855, and charter granted May 7th, 1856, Mr. Powell being Worshipful Master. Visited the Triennial Conclave at Chicago in 1883, commanding the thirteenth division; also at St. Louis in 1886. Was one of the charter members of the Society of California Pioneers, organized at Vallejo May 27th, 1869, and served a term as President, and is also a member of the San Francisco Pioneers.

Bro. Powell is a fine specimen of manhood, genial, benevolent and kind-hearted. As a business man he is held in high esteem; through a long and intricate business his name has never been assailed. At the family circle, in the lodge-room, or at the banquet he is a captivating conversationalist, full of wit and humor. The Argonauts who laid the foundation of this great empire on the Pacific Coast endured hardships, surmounted obstacles, and gained triumphs that will place their names on the pages of the history of our country among the heroes of the nineteenth century.

**BYRON G. CRANE.**

Fifty years ago, during the senseless and cruel tirade against secret societies, and especially against the Masonic fraternity, it required close and diligent inquiry to ascertain who was a member of this great common fraternity. During the last decade the F. and A. M. and auxilliary societies have grown beyond precedent, and in every community a large proportion of leading citi-

zens are members of one or more of these great fraternal orders. The subject of our sketch, Byron G. Crane, and one of the firm of Crane, Hastings & Co., importers and wholesale liquor dealers, has grown up with the growth of our State, and gained an enviable reputation as a sagacious business man and an exemplary and high-minded citizen. He is a member of Occidental Lodge F. and A. M., California Chapter No. 5, R. A. M., and California Commandery No. 1, Knights Templar. Fraternity is not a meaningless word with him; and benevolent deeds to the unfortunate and distressed have endeared him to his fraters, and among those who have known him in the community in which he has lived.

**EDWARD FREDERICK DELGER.**

We have a just pride in our Native Sons. Climate and opportunity have developed a class of young men and women who have become an honor to our State. The subject of our sketch was born in San Francisco, and is a fair representative of a people who have push, enterprise and generosity. At an early age he was placed at school in Dresden, Germany, and subsequently completed his education in France. At the age of twenty years he commenced the study of his chosen profession, the law, at Harvard University, Cambridge, Mass., but after completing his course there was compelled to seek other fields on account of disability of his eyesight, since which time he has been engaged in mercantile life.

Mr. Delger has taken a deep interest in political affairs, and is now Chairman of the Republican County Committee of his county, and member of the Executive Committee of State Central Committee. He has recently been honored with the appointment of Trustee of the new Insane Asylum at Agnews, in Santa Clara county, and the Board did him the further honor of electing him their Chairman. In society life he holds membership in Pacific Lodge, A. O. U. W., of which he is a Past Master Workman, and also is a member of Oakland Legion, No. 3, Select Knights, A. O. U. W. He is also a member of Oakland Lodge, No. 188, F. and A. M., and is at present Marshal of the Lodge. In 1886 he advanced to the Royal Arch Degree in Oakland, Chapter, No. 36, R. A. M., and has taken the Fourteenth degree in Scottish Rite Masonry in Oakland Lodge of Perfection, No. 12. In the I. O. O. F. he is a member of Oakland Lodge, No. 118, Golden Rule Encampment, No. 34, and Canton No. 11, Patriarchs Militant.

In addition to the above he is a member of Oakland Parlor, No. 50, Native Sons of the Golden West. Surrounded by an interesting family, scholastic attainments, honored and highly respected, he is indeed a valuable member of the various fraternities to which he belongs.

**CHARLES D. PIERCE,**

Mayor of Oakland.

The young, level-headed and popular Mayor of the city of Oakland has gained this highly honorable position as a representative of the business men and industrial classes of this municipality. He came to California at the age of 15 years, finished his education in the Santa Barbara College, and by his own exertions established in conjunction with his brother, Frank Pierce, the house of Pierce & Co., hardware merchants. He has always taken a deep interest in the welfare of his constituents, and his sterling integrity and reliability as a business man have given him a popularity among the sons of toil, and an official position seldom gained by a man under 30 years of age. He has been a leading and active member of the Oakland Board of Trade, and was se-

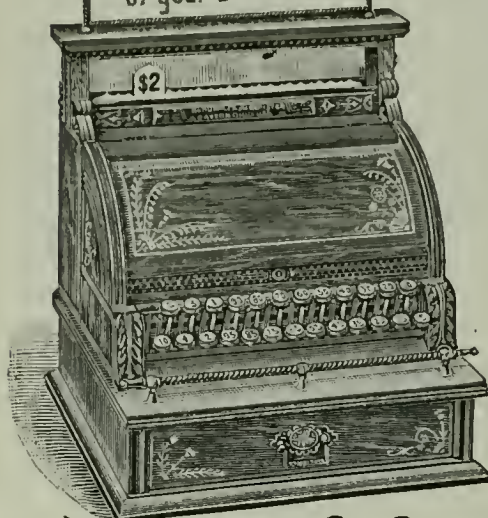

lected by the merchants of this city to act as one of the members of the Freeholders Commission to frame a city charter. His brilliant career forcibly illustrates the triumphs of peace. Official position has been given without asking and against his expressed desire. He has been closely identified with the growth and development of Oakland, a city of homes and manufactures; believes in her future greatness, and is never so happy as when he is advancing her interests. In the F. and A. M. he has been signally honored. He is a member of Oakland Commandery, No. 11, Knights Templar, 32<sup>d</sup> in Scottish Rite Masonry, member of the Grand Consistory of California, and promoted to the Court of Honor of Washington, D. C., from which body he holds an official patent.

Surrounded by an interesting family, honored and esteemed by his neighbors, there seems to be a bright future for him in keeping with the success he has attained in the past.

**H. C. SHAW.**

The following sketch is a truthful tribute to one who has been closely identified with the development of our State.

There are in every community unassuming men who have an innate modesty and sensitive nature, who avoid public honors and office. This is characteristic of the whole life of Mr. Shaw. During a long and successful career

as a merchant he has gained an enviable reputation as an upright, generous and public-spirited citizen. He has been urged frequently to accept office, and has persistently refused, although at one time an active member of the State militia. He is a member of the Stockton Lodge No. O, F. and A. M., and a very popular member of the Knights Templar. His high sense of honor, forbearance, and universal generosity among his neighbors, have given him a popularity and respect that is seldom accorded to a person in the common walks of life. He is a fine specimen of physical and mental manhood, commanding presence, and great influence in the local affairs of this section of our State.

Over 1400 are now in use, treating successfully all sorts of ores, from the black sands of the Pacific Ocean to the Silver Sulphurets that are found in nearly every Mining District in the State of Nevada. From San Diego to Shasta, in California, the Frues can be found in all sorts of mills, doing such work that no new mill is now considered complete without them, as they save from forty to one hundred per cent. more than any other Concentrator. The wear and tear are merely nominal. A machine can be seen in working order and ready to make tests by application at our office. Shaking copper plates and riffles are used on the Frue Machine when needed to save amalgam. Protected by patents December 22, 1874; September 2, 1879; April 27, 1880; March 22, 1881; February 20, 1883; September 18, 1883. Patents applied for. **S. N. **JOHN J. UPCHURCH,**

Founder of the A. O. U. W., Oct. 27, 1868.

The life of Father Upchurch is an example of what a poor mechanic can do for humanity. He was a philanthropist, and the subject of benefiting his race had been his study for years. In his autobiography he says : " Nothing seemed to present itself so forcibly as a society where the employer and employee could be brought face to face, and obligate them to the same great principles of the greatest good to the greatest number." He opened the first temperance hotel south of Mason and Dixon's line, and it was a failure. He planted a twig in Meadville, Penn., and it has grown from twenty members in nine months from

organization to 200,000 members in less than 20 years. His whole purpose in life was to benefit his fellow man, and although he was a poor man, slow of speech, and simple-minded, his name is enshrined in the hearts of a grateful people, and his name will go down as one of the great benefactors of this age. He was made a Past Supreme Master Workman by the Supreme Lodge ; was a member of the Select Knights, and also of the Masonic fraternity. The inscription that will be placed on a monument that will be erected by the grand army of Workmen will be " Founder of the Ancient Order of United Workmen."

First Prize Knights Templar Trophy, Won by De Molay Commandery of Louisville, Ky., at San Francisco, Triennial Conclave, 1883.

The body of the trophy consists of a solid mass of silver in the form of a vase, being eleven and one-half inches in height, and twenty-four inches in circumference, having on either side a handle of massive silver surmounted in gold, each handle containing eighteen separate compartments of gold quartz and silver specimens, etc., in polished slabs; the handles protruding from side of vase, making a total width of thirteen inches. On the top of one of the handles is a group of battle implements, consisting of two shields, in the center of which are Knight Templar crosses, the whole to be made of gold and silver; between the shields and crossing each other is a battle-axe and sword. On the top of the other is a helmet, lance and gauntlet, likewise to be made of gold and silver. On the obverse side of the vase is an emblem of the Coat of Arms of the State of California. On the reverse side is an emblem of the Coat of Arms of the Grand Commandery, both of which are in fine enameling. The cover of the vase is a cylindrical mineral cabinet containing granulated particles of different minerals of California mines, in all twenty-six compartments in number, and classified. The mode of fastening these particles is by Miller's patent, so as to prevent the particles from pulverizing and turning to dust, thereby making the crystal covering under which they lay opaque. On the top of this cylinder is a Knight Templar on horseback, of gold and silver, both horse and Templar in complete armor. The vase, as hereinbefore described, is resting on two horns of cornucopia, in gold and silver, the one

containing the vinicultural and agricultural products of the State of California, the other containing gold quartz. On the front side of the vase, and resting on a circular plate, is a miner, of gold and silver, five and one-half inches in height, examining a quartz specimen; on the reverse side is a farmer resting on his plow. The horns, miner and farmer are standing on a circular plate eleven inches in diameter, and one and one-half inches in height, on the bevel side of which will be represented eight cabinet designs of Knight Templar crosses; and between these, slabs of gold quartz, etc. The bottom of this circular plate, and representing the foundation of the trophy, will rest on four bears' feet. The entire height of the trophy, when complete, will be twenty-four inches, and the weight will not be less than two hundred ounces.

Dr. Fish has the reputation of being one of the best educated and most eminent physicians of the Pacific Coast. He has devoted a goodly portion of his life to scientific research and fraternal societies, and on his resignation as Surgeon General in United States Service, he was appointed Professor of Phys-

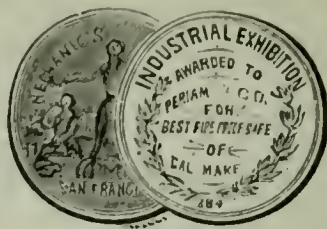

iology and Histology of the University of California. He is a member of all the leading fraternal and beneficiary societies, and has served more years in office (commencing to help form the Grand Lodge A. O. U. W., of this State, at Kohler's Hall, West Oakland, November 13, 1877,) than any man on the Pacific Coast. As a citizen and frater he is known in all portions of this union, and his position as Medical Inspector of an Army Corps during the war and services as Supreme Master Workman have given him a national reputation. His scientific papers and official reports as an executive officer are models of perspicuity and research. His life has been a useful one, and his name will pass into history as scholar and humanitarian.

**HON. WM. H. JORDAN,**

Supreme Master Workman.

The marvelous and unprecedented growth of the Ancient Order of United Workmen in California is largely due to the efforts of the first Grand Master, Wm. H. Jordan. At the formation of the Grand Lodge there were less than 500 members. During his two terms in office, the membership had increased to over 10,000 and a separate jurisdiction.

Bro. Jordan was then a young man, and his great benevolent heart was so ardently enlisted that he gave a large portion of his time in organizing lodges. At that early day in his life, he used that consummate tact and skill in

organizing and moving great bodies of men that showed him to be a natural born leader and diplomat.

During the last eleven years he has attended every session of the Supreme Lodge as a representative or as an officer of that body. As an index of his philanthropic and sagacious management as Grand Master Workman, when the call for help came from the yellow fever sufferers of Nashville, he telegraphed \$500 on his own responsibility, which was duly approved by the Grand Lodge. But more complete was this great act of benevolence when, on appeal from Bro. Jordan as G. M. W., each Workman in this jurisdiction paid the sum of \$2.50 voluntary without levying an assessment, to aid the widows and orphans of Tennessee.

He is a member of the Select Knights F. and A. M., and a number of benevolent orders. At the last session of the Legislature he was elected Speaker of the Assembly, a position he filled with great credit. As a lawyer, statesman, and fraternal leader he has acquitted himself with signal ability. His name will go into history as an organizer, philanthropist, and benefactor.

**HORACE G. PRATT,**

Grand Recorder A. O. U. W.

The history of the Ancient Order of United Workmen in this jurisdiction is but a record of the career of "Father Pratt," the founder of the order on this coast. He instituted the first lodge, California No. 1, was elected Grand Re-

corder at the institution of the Grand Lodge, and has held this office continuously for 11 years. During that time hundreds of thousands of dollars have passed through his hands without a ten cent deficit. He is a man of studious habits, well versed in society usage, and his decisions and interpretation of the law in our order has almost become *stare decisis*. As Grand Recorder and Supreme Representative he has rendered most faithful and intelligent service, and the high appreciation he is held in by Workmen on this coast is but a just tribute to the honest and sagacious management of his official department. He needs no chiseled monument to perpetuate his name as a great benefactor.

**J. T. ROGERS,**

Past Grand Master Workman.

There is no society that, during the time it has been in existence in this State, has enlisted a more able corps of leaders than the Ancient Order of United Workmen.

Prominent among those who have given their time and efficient labor in building and establishing this order is Bro. Rogers. His services were first enlisted in 1878, as a member of Ukiah Lodge, No. 33. As a representative to

the Grand Lodge his zeal and ability were soon discovered, and he was elected Grand Overseer in 1881, Grand Foreman in 1882, and Grand Master Workman in 1883, and Representative to the Supreme Lodge in 1888. He is a forcible speaker, logical debater, has a fine address, and his administration was a very successful one.

In the F. and A. M., Independent Order of Odd Fellows, and Knights of Honor he has filled prominent official positions. As an Attorney-at-Law he ranks with the leading members of the bar, and has a lucrative practice. His characteristics are strict integrity, open, honest dealing, with a purpose of following principle rather than policy. Men who are benevolent and sympathetic are the leaders and workers in fraternal societies. Such are the characteristics of Brother Brewer. During an actual and busy life, he has given a great deal of time, labor and money in promoting benevolent orders. He is emphatically a humanitarian and society man. At the institution of Union 21, A. O. U. W., he was the first P. M. W.;

Grand Foreman in 1879, Grand Master and Supreme Representative in 1880, and is at present chairman of the Finance Committee of the Supreme Lodge. He has been a member of Abou Ben Adhem Lodge, I. O. O. F., for twenty years, member of the Knights of Pythias, Red Men, and several other prominent and popular benevolent societies and humane organizations. He is a good speaker and debater, generous, kind-hearted, and seems never so happy as when he is helping the distressed, visiting the sick, and alleviating the sufferings of his fellow-men. Providence has fashioned him in a generous mould, and whether in prosperity or adversity, he is always ready to lend a helping hand to gladden saddened hearts.

# WORKMEN'S Guarantee Fund Association

—OF—

SAN FRANCISCO, CAL.

HON. WM. H. JORDAN, Supreme Master A.O.U.W., President.

INCORPORATED JANUARY 22, 1880.

ENDORSED BY FATHER UPCHURCH, THE FOUNDER OF THE A.O.U.W.

ENDORSED BY PAST GRAND MASTERS JORDAN, BREWER, TAYLOR, BARNES, ROGERS,  
MCIPHERSON, DANFORTH AND LOUD.

## OBJECTS.

The principal object of the Association is to give an additional protection of \$1,000 to families of the Ancient Order of United Workmen, thereby securing to them \$3,000 instead of \$2,000 from among the members of the same fraternal society.

Another important feature of the Association we present is, that it receives as members and gives the same benefit, as she may direct, to the widow, mother, wife, daughter or sister of a member of the A.O.U.W. The great advantage of this feature is universally acknowledged, and is receiving marked attention, especially from the wives of those who belong to the A.O.U.W.

## MEMBERSHIP.

To become a member of the Association the applicant, if a Workman, must be in good standing in his Lodge, under 50 years of age, and in sound bodily health. No re-medical examination is required, unless the applicant has been under the care of a physician within one year, or has been rejected by a physician of a beneficiary organization since he became a member of the A.O.U.W.

If the applicant is the widow, mother, wife, daughter or sister of a member of the A.O.U.W., she must be over 18 and under 50 years of age, and the application must be endorsed by a respectable physician, who has previously made a medical examination of the applicant.

## COSTS.

The admission fee is three dollars and the annual dues two dollars; the admission fee and dues to be paid upon the delivery of the Certificate of Membership. Average cost of assessments about \$10 a year, or less than 25 cents per week for the protection of \$1,000. The Association is governed by a Board of Directors elected annually by the members.

## ASSESSMENTS PAID.

Assessments can be remitted by Money Order to the Secretary, or paid to the Agent of the Association in the place where the member resides.

For further information please call at the office, or address the Secretary,

**HON. E. M. READING,**

Secretary of the Workman's Guarantee Fund Association.

We present a fine engraving of E. M. Reading, Past Grand Commander of the Select Knights of California, Past Grand Lecturer, and Secretary of the Workman's Guarantee Fund Association, one of the most gifted and prominent workers in this jurisdiction, and one who needs but little, if any, introduction to the members of the A. O. U. W. on the Pacific Coast.

He joined the A. O. U. W. in August, 1878, and since then he has been a member of several important committees of the Grand Lodge, an incorporated Trustee, President and Secretary respectively for years of the Relief Committee, Secretary of the School of Instruction, and for a long time Grand Lecturer. He has traveled in the interest of his brethren through British Columbia, Washington Territory, Oregon, Arizona, and California.

His public addresses, earnest and eloquent, have been listened to by thousands, and received the warm commendation of the public press.

In 1879 he conceived and organized the Workman Guarantee Fund Association, an organization composed of those belonging to the A. O. U. W.

This progressing Association, the creation of Bro. Reading, has disbursed to the widows and orphans of the Order \$150,000.

He has held prominent position in office, among which was Senator from Nevada. He is Past Grand Commander S. K., and Supreme Standard Bearer. He is a big-hearted, generous frater, and is a member of Oriental Lodge, No. 144, Free and Accepted Masons; Lodge of Perfection, Scottish Rite; Unity Lodge, No. 134, I. O. O. F.; Oriental Encampment, No. 57, Veteran Odd Fellows, S. F.; Myrtle Lodge, No. 16, Knights of Pythias; Washington Council, American Knights of Honor, of which he is the present Commander, in all of which he is looked upon as a man whose devotion to principle, love of fair play and generous impulses entitle him to the honors he has received as a citizen, and the affectionate regard in which he is held as a brother.

**CHAS. H. HAILE,**

Grand Receiver.

At the institution of the Grand Lodge of California, 13th day of November, 1877, Bro. Haile was elected Grand Receiver, and has held this responsible trust continuously—an example of honesty and faithful service. As a Workman he has taken a prominent part in building and solidifying this order. He has from an early age taken an active part in fraternal societies, and has held leading official positions during his useful career. He is a member of the Ma-

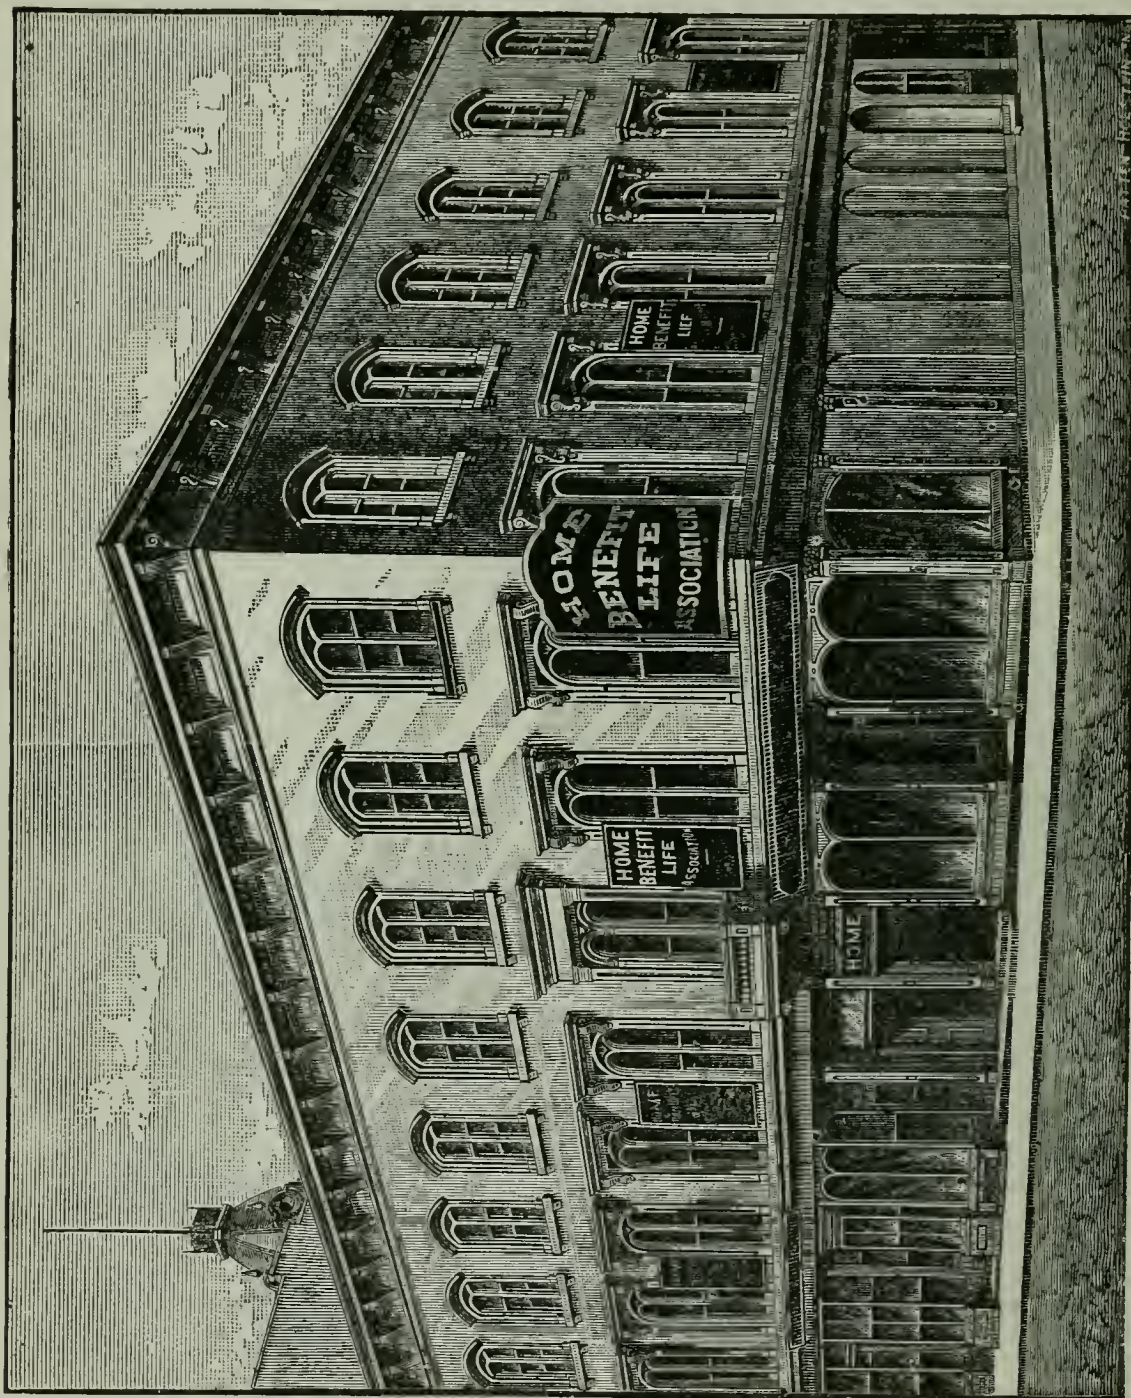

sonic Veterans' Association of California, and served four years as Worshipful Master, and ten years as Recorder. He has been a trustee of the Orphans' Home at Vallejo, under the auspices of the Good Templars, and prominent official office in that order.

Bro. Haile is a man of warm and ardent friendships, generous impulses, and decided opinions. Having been trained in a rigid school of rectitude, he admits of no compromise with wrong, and is always ready to champion the right and assist the weak whenever he can, regardless of aspersion or personal discomfort. His life has been one of continued usefulness, and his record has been one that has been that of a faithful and honest financial agent, that has aided the growth and stability of the Ancient Order of United Workmen.

**JOHN NELLES YOUNG,**

Grand Foreman.

The great interest and beneficent influence of fraternal and beneficiary societies has enlisted the services of a large number of our leading citizens. Prominent among these is Bro. Young. Although he has a large practice in his profession as a lawyer, and has accepted official positions, among which was a member of the Legislature for several years, he has devoted a large portion of his time to humanity, by fostering these fraternal organizations. At the

last session of the Grand Lodge he was unanimously elected Grand Foreman, having served as Grand Overseer the year previous. He is a prominent member of F. and A. M. and Knights Templar. He filled the position of Grand Orator of the Grand Lodge in 1886. A striking instance in society life was his service as Grand Patron of the order of Eastern Star in 1886, whilst his estimable and gifted wife, who has been admitted to practice in the Supreme Court of California, filled the position of Grand Matron, with signal ability, of the order of Eastern Star in 1885. He has high scholastic attainments, is a close student, and has a high reputation as a clear-headed and successful lawyer. He is in the prime of life, having large experience in society affairs, and one of our honored and trusted leaders.

**SAMUEL M. SHORTRIDGE,**

Past Grand Commander, S. K.

The life of Samuel M. Shortridge in a marked degree illustrates the possibilities in this age for a self-made young man to assume great responsibilities and become a leader among men before he has reached 30 years in the span of life. Schooled in the rough, rugged elements surrounding life in his western home, he has by hard labor and tact taken a position as an educator, lawyer and orator that ranks among our leading men.

His career in fraternal societies has been brief and brilliant. In 1885 he was made a Workman in Spartan Lodge, No. 36; elected Guide on the next evening, served as Overseer, and is now Past Master Workman of this Lodge. He was a charter member of Norman Legion, Select Knights, which was in-

stituted in March, 1886, and elected Representative on the same evening to the Grand Legion, S. K., that met in San Francisco April 5, 1886.

He was unanimously elected Grand Commander, S. K., for the Pacific Coast, and reelected in 1887. In 1887 he was elected a representative to Supreme Legion.

Politics early claimed his attention, and in the campaign of 1884 he made a brilliant record as an orator and thinker. His masterly speeches on the tariff earned for him the soubriquets of "Boy Orator" and the "Henry Clay of the Pacific Coast." He has been invited to deliver the 4th of July oration in San Francisco for 1888.

He has a kindly nature, sympathizing disposition, and a great benevolent heart that is quickened at the call of suffering humanity. His own experience and struggles in the battle of life have intensified and crystallized his benevolent nature, so that in these fraternal societies he has found a field where labor is recreation and suffering humanity has enlisted a leader whose arduous toil sweetens life. Comrade Shortridge belongs to a family of high intellectuality and talent. His brother, Chas. M. Shortridge, P. M. W., is editor and publisher of the San Jose *Daily Mercury*.

**HON. DAVID McCLURE.**

The subject of our sketch has had a brilliant career. In 1856, at the age of 18 years, he began his struggles in life as a miner in Podever river. He is now one of the leading Attorneys-at-Law on the Pacific Coast, and has been honored with official positions in this State, both civic and in fraternal societies, that stamp him as one of the prominent citizens of the Pacific Coast. For three years he filled with great acceptability the office Grand Chancellor of the Knights of Pythias: was the first Grand Dictator of the Knights of Honor;

and in 1884, Grand Master of the Ancient Order of United Workmen. As a Senator from San Francisco he stood in the front rank among the law-makers of this State. He is a fine specimen of physical and mental manhood, and stands at the head of the bar as one of the ablest lawyers on the Pacific Coast. Although he has a large and lucrative practice he finds time to attend to fraternal organizations, and almost from the commencement of Society life he has been called upon to deliver public addresses on all important occasions. For the last two years he has been President of the Blood Horse Association, and under his management it has grown to be one of the best conducted and most prosperous in the United States. He has great breadth of mind, an intuitive ability, quick perception and sound judgment.

**FRANK EY.**

Prominently connected with the growth and development of Southern California, our genial frater Ex-Mayor Ey occupies a leading place. He emigrated from Germany when a boy, and at the age of 25 years located in Anaheim, California. Being of a benevolent turn of mind, he has taken an active part in building up the A. O. U. W. and American Legion of Honor. He has filled

important positions in each organization, and is now a Grand Lodge officer in each order. As a member of F. and A. M. he occupies a prominent position, and by long years of service as an executive officer in fraternal organizations, and civic offices in his native town, he is looked upon as one of the "city fathers," although he is but 37 years of age. Benevolence and bravery are prominent traits in his character, and the private deeds of charity and defense of the helpless orphan and widow, together with chivalric conduct toward woman when in peril, has been a characteristic of his honorable career and useful life.

**FREDERICK ADAMS,**

Grand Overseer.

Our space will allow but a brief sketch of Brother Adams, whose career has been one of usefulness, adventure and romance. At the age of 13 years he left his father's home at St. Louis and enlisted as a drummer boy in U. S.

Army, and started for Mexico. He was transferred to the Second Texas Rangers, under Col. Albert Sidney Johnson, and was discharged at Fort Bliss, Texas, in 1847. During the next six months he carried the military mail from Fort Bliss to Albuquerque, N. M., encountering dangers and miraculous escapes incident to frontier life.

On December 25, 1849, he first set foot in California, and was in turn miner, merchant, stock raiser, until 1859, when he commenced reading law, and

was admitted to the bar. He joined the Odd Fellows in 1862, and Encampment in 1864, and has passed the chairs in each organization. He served as Worshipful Master in King David's Lodge, Santa Cruz, for three years, and is a member of the chapter. He was a charter member of Olive Lodge, A. O. U. W., served as Master Workman for three years, chairman on Good of the Order in the Grand Lodge, and continuously from that time on Committee on Appeals and Grievances up to the time he was elected Grand Overseer. He has served as Deputy Sheriff, U. S. Marshal, County Treasurer, County Judge, and several minor official positions. He was captain on several expeditions against the Snake Indians in Eastern Oregon, served in the Modoc war in 1856, and a scout for eight months in the Rogue River war, 1855. He is of Scotch descent, and his characteristics, bravery, independence and patriotism are an inheritance from a noted ancestry. Through a career of privation and hardships on the frontier, or in the heyday of life with wealth and civic honors, his benevolent nature has always drawn him to fraternal societies, and he finds his best enjoyment in advancing and promoting them.

### THOMAS J. JOHNSTON,

F. by being a charter member of Court Euclain, No. 6932, in Sept., 1882, was created a Past Chief Ranger in 1884, has held the office of secretary ever since, was unanimously elected a delegate to the Sub. High Court in Detroit, Michigan, Aug., 1885, was elected Dist. Secretary in March, 1887, held the position until Oct. same year, declining a re-election, owing to the increase of private business.

He is at present J. P. C. R. of Court Stanford, No. 7563, A. O. F., and secretary of the Past Chief Rangers Association, No. 1., of Cal. Bro. Johnston is also a member of Golden Gate Lodge, No. 8., A. O. U. W., joined Dec. 20th, 1878, was elected Recorder of the Lodge, and has been re-elected sixteen consecutive terms. He was made a P. M. W. at the Grand Lodge of A. O. U. W. in 1885.

**J. ARTHUR FAIRWEATHER.**

The spirit of this age, co-operative associations, beneficiary and fraternal orders, has enlisted the best efforts of a large number of our prominent professional men and capitalists.

Mr. Fairweather, a leading attorney at law, has given the subject of fraternal co-operative life insurance a great deal of attention; and his efforts in their behalf have been highly appreciated by his fraters. He was born in New Brunswick in 1851, and after attaining a liberal education in his native city, St. John, N. B., attended several courses of lectures at Harvard University, received the degree of LL. B., and was admitted to the Bar in

1873. He located in San Francisco in 1881, and at once was recognized as a lawyer of high legal attainments, and has kept his position in the front rank since. In our beneficiary orders he has accepted office only at urgent solicitation, and at times when his services would dispel discord and bring harmony and good feeling. This was notably the case when he took the position of Master Workman in Franklin Lodge, 44, A. O. U. W., and also District Deputy of District No. 2, A. O. U. W., in 1886.

Bro. Fairweather has a commanding presence, happy expression, great influence, and has earned the reputation of being one of the best presiding officers in the State. He is a forcible speaker, close reasoner, and has a happy faculty of captivating his audience without apparent effort. His happy marital relations, popularity and high intellectuality, warrant us in predicting a bright future and a continued life of usefulness, high esteem and honor.

**WM. H. BARNES,**

Philanthropist.

There are but few men who have done better service for humanity than Wm. H. Barnes, orator, humorist, poet and lecturer. On his 21st birthday, Sept. 22d, 1885, he was initiated in Sylvan Lodge, No. 4, I. O. O. F. For 33 years his voice and pen have been always ready to aid and assist suffering humanity and build up fraternal societies. He has been connected with the fraternal press for 20 years, and is now editor of the department in the *Daily Examiner* known as the "Fraternal World." His writings are chaste, pointed and entertaining; as a speaker, brilliant, witty and eloquent. His versatility

of talent is quite remarkable, and it is his pleasure and pride to use his elocutionary, musical and imitative powers for the benefit of the distressed, Sunday Schools, Relief Associations, Temperance and Fraternal Societies. He is a Past Grand Master and Past Grand Patriarch in I. O. O. F., and has served as Representative to G. L. U. S. He is Past Grand Dictator and served as Supreme Representative, K. of H. In the Ancient Order of United Workmen he has made a record of having more increase of membership than any other administration. He served two terms as G. M. W., and has been elected Supreme Representative for three sessions. Bro. Barnes is genial, and can easily adapt himself to his audience for a jovial time, or discussing great questions of policy or law. It is undoubtedly true as has been said by a contemporary, "He has delivered more public addresses for charitable objects and fraternal societies than any man in the United States."

**JAMES F. CROSETT.**

Past Grand Patriarch.

Men who are benevolent, and have a sympathizing nature, are drawn to these fraternal orders, and become the most enthusiastic supporters of a system of charity that guards against fraud, and never fails to grant relief to those who are found worthy. In the system of weekly benefits, care and support

of the orphan and widow in the well-regulated manner of the I. O. O. F., the subject of our sketch found a field suited to his tastes, and a society that enlisted his best efforts to sustain, enlarge and perpetuate.

Bro. Crosett was born in 1844 at Boston, of Puritan stock, and by right can claim descent from the true aristocracy of our country. When quite a young man he came to California, and learned the art of setting type in Grass Valley where he resided until 1863, when he changed his location for San Francisco. He joined Pacific Lodge of Odd Fellows February 10, 1870, was elected January 3d, 1878, Noble Grand; was appointed D. D. G. M., and served in the year 1880; joined Golden Gate Encampment, No. 1, of Patriarchs, November

12th, 1875, and elected Chief Patriarch for the term ending December 31, 1879. He was appointed, and served as D. D. G. P. for District No. 1, for the years 1883-84, and was elected Grand Patriarch in the year 1886, and served the full term of twelve months, visiting every Encampment in the jurisdiction, besides instituting three new Encampments. His term was considered very successful; in fact, no greater for the advancement of the Patriarchal branch of the Order has ever been taken by any Grand Patriarch in this jurisdiction. His report shows that for him the year was one of hard and active work. At the conclusion of his term of office, and in recognition of his services, the Grand Encampment on October 18, 1887, elected him as Grand Representative to the Sovereign Grand Lodge, for the years 1888-1889. For the year 1888 he was again appointed to the office of D. D. G. P., in connection with his other duties. He joined the Patriarch Militant, Canton No. 5; was appointed on Col. E. H. Black's staff as Asst. Surgeon, with rank of Captain, January 1st, 1887. He was appointed Major and Assistant Adjutant General to Brigadier General E. K. Russell, P. M., September 10th, 1887.

Mr. Crosett is in real estate, and although in active business he always finds time to attend to the duties pertaining to his official position and lodge meetings. He is genial, has a pleasant address, and is very popular among his fraters.

**DANIEL SEWELL,**

Past Grand Chancellor, O. C. F.

Daniel Sewell is a native of England. At the age of eleven years he emigrated to the United States, and to California in 1859, following his occupation of contractor at Old Sonora for fifteen years. During his residence in Sonora he took a deep interest in the fire department. Six times Mr. Sewell was elected Secretary of Hose Company No. 1; once Treasurer of the same; twice appointed Secretary of Board of Fire Delegates; three times elected one of the five Trustees of the city of Sonora; five times elected First Assistant Engineer of the Sonora Fire Department; and four times Chief Engineer of the same. His fidelity is shown in this connection, that "for fifteen years he was never absent from his post in times of danger."

He is a veteran Odd Fellow, and during the year 1886 served with distinction as President of the Veteran Odd Fellows' Association for the Pacific Coast.

[ENGRAVED BY SUHR &amp; PAINTER.]

In 1876 and 1879 he was a Representative in the Grand Lodge of California. He became a member of Bald Mountain Encampment, and filled various official positions, and resigned the office of Scribe when he removed to San Francisco.

He joined Triumph Lodge, 180, A. O. U. W., in 1881; served in several official positions, among which were M. W.; six terms as Financier, and District Deputy Grand Master in 1887. He did signal service as a member of Samaritan Council, No. 13, O. C. F., in the great secession movement in that order, and was created a Past Concillor by the Supreme Lodge.

He is a member of United Order of Honor, and was a charter member of Enterprise Lodge, 115; was elected Past President and Grand Vice-President in this growing order. Brother Sewell takes a deep interest in municipal, State and national affairs.

At the last general election he was a candidate for School Trustee, and has served in civic official positions at different times during a term of years. He is a man of sterling worth, indomitable perseverance and strict integrity. Benevolent, frank, and faithful to every trust, he has endeared himself to a large circle of warm friends and fraters. He has a State notoriety as a fine artist and skillful photographer.

### ODD FELLOWS' HALL.

The Odd Fellows' Hall, situated on the corner of 7th and Market Streets, is the best arranged, most valuable, and better furnished than any Society Building west of the Rocky Mountains. It has 9 Lodge Rooms, and an Assembly Hall—commonly known as Odd Fellows' Hall. This room has a seating capacity for 1400, and with its spacious parlors and fine acoustic properties has become the most popular Assembly Hall in San Francisco for Balls, Select Parties, and a Reception Room for State Occasions, and Anniversary Celebrations. This magnificent temple with grounds cost over \$500,000, and its management has been liberal. By using good discretion they have secured the patronage only of the largest and most respectable Societies, to the exclusion of all others of questionable character.

**THOMAS D. RIORDAN,**

Past Grand Dictator, K. of H.

During the last five years a number of our native sons have been chosen to leading and executive positions in civic, military and social life. Prominent among these is the subject of our sketch. He was born in San Francisco in the year 1855, passed through the vicissitudes incident to life in a new country, and gained a ripe experience in early manhood. During his whole life he has been a close student, is a graduate of college, received the degree of A. B. in 1873, and the degree of A. M. in 1874, at the age of nineteen years.

In 1880, he joined the K. of H., was appointed District Deputy for three successive years, 1883, '84 and '85. In 1886, he was elected Assistant Grand Dictator, and in March, 1887, Grand Dictator.

As a lawyer he occupies the front rank. As a public speaker, he is pleasing, argumentative and concise; seldom indulges in oratorical flights, but analyzes, and by facts and figures presents his subject in such a masterly manner that his audience are charmed and instructed.

He has a high social standing, unimpeachable character, temperate habits and scholarly attainments. In society life he now occupies the position of Past Noble Grand of Occidental Lodge, No. 179, I. O. O. F., Ex-President of S. F. Relief Committee, I. O. O. F., and one of the Trustees of Oriental Encampment, No. 57, I. O. O. F. He is also a member of the N. S. G. W., A. O. U. W., and A. L. of H.

## YOSEMITE.

Opening of the season 1888, the new Yosemite Rail and Stage Road, via Berenda, Raymond, Mariposa, Big Trees and Inspiration Point, and Milton and Big Oak Flat Routes. Tickets good via either line.

Leaving San Francisco at 7 P. M., elegant Pullman cars will be run daily, arriving at Berenda 3 A. M.; the Sleeper remains at Berenda until 5.45 A. M.; arrive Raymond at 7 A. M. (Breakfast). Take stage at 7.30 A. M., arrive at Grant's celebrated White Sulphur Springs—23 miles, (Dinner) 12 noon; leave White Sulphur at 1.30, arrive at Wawona, (Clark's) at 5.30—11½ miles; remain over night. Leaving Wawona at 7 A. M., arriving in valley at noon.

### ONLY FOUR DAYS TO COMPLETE THE ROUND TRIP.

Entering the valley via Inspiration Point, Bridal Veil, El Capitan, Cathedral Rocks and Splres, Three Brothers, Sentinel, Yosemite, Mirror Lake, Vernal and Nevada Falls to Glacier Point, thence by the New Coach Road to Chenkerpin Flat, thence to Clark's, making a complete tour of the valley, entering at one end and out at the other, thereby avoiding the return to hotel in valley, saving the horseback-trip down the mountain, which was the only disagreeable feature of visiting those wonderful Points, and saving two days' time, as by other routes it takes two days' stay in the valley to visit these Points before you leave on Return Trip.

The road is kept in excellent order, and for six months in the year is bordered on each side by an embroidery of ferns and flowers, with here and there a bubbling spring, where the traveler may drink crystal waters fresh from the snows and glaciers of the high Sierra, and observe the adjacent cottage, whose occupants enjoy a contented and unambitious life.

**L. U. SHIPPEE,**

Mayor of Stockton.

Mr. Shippee was one of the Pioneers of the Great San Joaquin Valley. He commenced his successful career as a clerk in a large grocery house, in the city of Stockton. His industry, economy and business sagacity brought him wealth and position in society, and at an early day he was prominent in various enterprises having for their object the development of the State, and es-

pecially the San Joaquin Valley. As a merchant, farmer and banker he has been eminently successful. In 1867 he associated himself with others in forming the Stockton Savings and Loan Society, which was one of the first, and is now the largest savings bank outside of San Francisco, and of which he has been a director since the formation, and president for the last 11 years.

Mr. Shippee has never accepted any office except as councilman and Mayor for the city of Stockton, but has been president of every corporation or association in which he has been interested. For 14 years he has been president of the San Joaquin Valley Agricultural Association, and also a director of the State Agricultural Society, being the oldest officer in the board. He was presi-

dent of the State Agricultural Society for 1887, and re-elected for 1888. At an early date he took a deep interest and was one of the leading men in building gravel roads out of Stockton, and is now president of one. He was the chief organizer of the Stockton Combined Harvester and Agricultural Works, with a capital of \$300,000, whose sales, in agricultural machinery and combined harvesters, were over \$286,000 in 1886. He is a positive man, of a genial nature, of few words, quick perception, and grasps opportunities for advancement that men of slower thought would lose.

His sympathy for those who are making an effort to better their condition in life has been intensified by his own struggles, and to help one of this class he gives lavishly without publicity, and charity seekers are always anxious to get him to head the list. Time has dealt gently with him, although his life from boyhood has been one of continual activity and mental strain. He is tall and erect, nearly six feet in height, and has an elasticity in his step that betokens years of active labor.

**GENERAL A. M. WINN,**

The Founder of the N. S. G. W.

General A. M. Winn was born in Loudon county, Virginia, April 27, 1810, his death occurring on the 26th of August, 1883, in Sonoma county. He was seventy-three years and four months old, having more than scored the biblical "three score years and ten." There was a poetic sentiment in laying the old Pioneer to rest in the home of his earlier endeavors, Sacramento, where the waters of the river of that name will sing his perpetual requiem.

He saw California spring from a territorial condition to Statehood, was present at its birth and baptism, and witnessed its growth till a world stood aghast on beholding the young Giant of the Pacific. General Winn's first official position was as a member of the Capital City's Council, and on

the death of Sacramento's first Mayor he was chosen to that responsible position. In the '49 days he was President of the Relief Association of Odd Fellows, which was organized for the benefit of the sick and destitute brethren of that charitable Order. General Winn through life felt the impulses of Charity, and his life was a practical illustration of the fact that through deeds and not through mere professions are her works felt. Almost simultaneously with the organization of the Relief Association, the Masons and Odd Fellows of Sacramento instituted a hospital for the benefit of the sick and destitute members of those organizations, and General Winn was foremost in the movement.

General Winn in June, 1850, as Brigadier General, issued a proclamation to his command to appropriately celebrate the approaching Fourth of July. The exact date of the proclamation was June 29, 1850, and on the same date in 1885, thirty-five years later, at the Bay City of California he issued a call to the young native Californians to meet, to organize an association or order, from which grew the Native Sons of the Golden West.

In 1860 General Winn took up his residence in San Francisco, remaining there until a few years before his death.

Past Grand President.

The Sons of California have proved themselves worthy representatives of the most distinguished emigration that ever graced any portion of the United States.

The subject of our sketch is a favorite Son of this commonwealth. He has been tried in the crucible of responsible official position, and as an executive officer, and is held in the highest esteem as a citizen. He served as Tax

Collector two years for the City and County of San Francisco, and Deputy State Treasurer for two years under Governor Stoneman's administration.

In Society life he has served in all the subordinate offices in the Native Sons of the Golden West, and one year as Grand President. Served as Master Workman of Valley Lodge A. O. U. W., and representative to the Grand Lodge for three sessions. Whilst he has decided opinions in political life, his patriotism and conscientious duty as a citizen have kept him from the "dirty pool" in politics. His aim has been to elevate partisan strife by an open, manly, and dignified contest.

His occupation is real estate, and he holds a leading position as one of the reliable firms of San Francisco. In the prime of manhood, surrounded by an interesting family, there seems to be a bright future awaiting the genial, generous, and methodical Native Son of the Golden West, John H. Grady

### AN UNUSUAL ADVANTAGE

Possessed by the BULLETIN over the morning journals is that the geographical location and consequent difference in time between San Francisco and New York and London, which is three and eight hours later respectively, enables the BULLETIN's telegraphic correspondents to gather the world's news of each full day in time for publication at 4 P. M., thus spreading before its large constituency of readers the freshest incidents of every day twelve hours in advance of the morning newspapers.

### THE WEEKLY BULLETIN, Issued Every Wednesday Evening,

Is a mammoth 12-page paper, and reaches every town, hamlet and mining camp west of the Rocky Mountains. It furnishes the latest and most reliable financial news and market quotations, and gives special attention to horticultural and agricultural news, and is in every respect a first-class family paper, and presents unequalled claims to the advertiser who wishes to REACH the MASSES OF THE INTERIOR.

**JOHN A. STEINBACH.**

Past Grand President, N. S. G. W.

On the 11th of July, 1875, Mr. Steinbach was elected President of what is now California Parlor, No. 1. and during his term of office laid the foundation for this growing order. As General Winn was the "Founder," Brother Steinbach has earned the title of "Father."

He was a bright, active boy of 15 years of age, when the organization was first attempted by General Winn, in 1869. During his first term in office and since, his mind has been wrapped up in advancing, building, and crystallizing this humane and popular organization. During his term of office as Grand President of the Grand Parlor, there were 37 parlors organized ; a larger number than in any administration in their history.

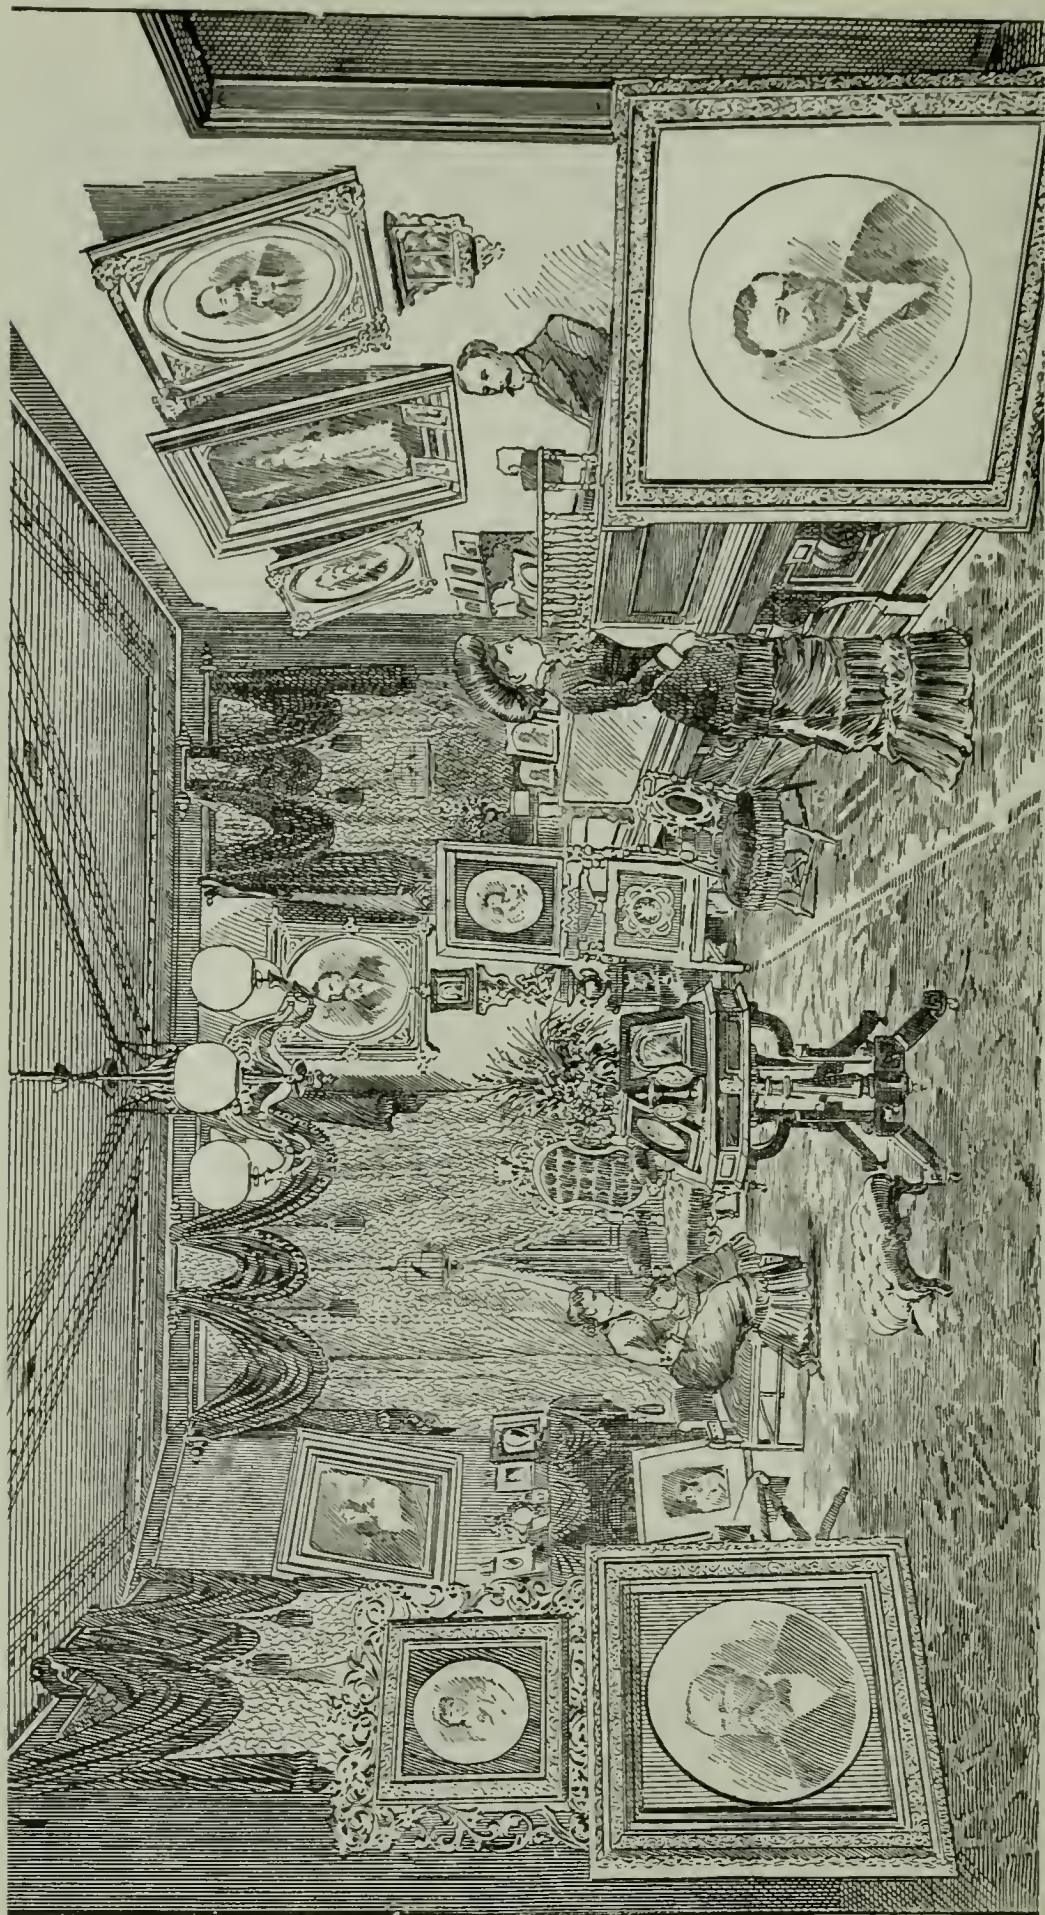

As an ardent son of worthy sires who laid the foundation of this great commonwealth, he visited 211 parlors during his term of office as Grand President, at his own expense.

As a speaker his arguments are decisive, his language fluent, his points well taken, and his illustrations very happily expressed. He always wins the approbation of his audience, and they leave impressed with the verity of his arguments. He is perfectly conversant with the history of the order from its incipency to its present maturity, and can therefore speak and act intelligently about its transactions.

His life has been an honored and useful one, and he takes a deep interest in civic and political affairs. He has served as School Director for the city and county of San Francisco, and has earned the titles by good service as Past Chancellor of the Knights of Pythias ; Past Councillor of Chosen Friends ; Past Officer of United Order of Honor, and numerous other social and political organizations.

As a representative Californian, whose career has been one of service to his native State, he has proved himself worthy of the honor that has been given him, and a popular son of an Argonaut.

**ALBERT FOSTER JONES, LL.B.,**

Past Grand President N. S. G. W.

The Pacific Coast has reared a generation of men and women physically and mentally the peers of any people. Climate, descent and a cosmopolitan association has perpetuated the chivalric blood of adventurous pioneers. We point with pride to a native race of gallant men and lovely women as worthy of the inheritance of this favored land. Senator Jones is a good representative of a native Californian. He was born in Butte County, attended public school at Chico, and one year at University Mound, San Francisco, previous to his commencement in Yale College, Conn., in 1876. He took a literary and law course, graduating in 1879, with the degree of LL. B. He was admitted to

practice in the Supreme Court of Conn. in June, 1879, Supreme Court of California in August of the same year, and United States Circuit Court in 1881. He served as Judge Advocate of the 5th Brigade N. G. C., and District Attorney for the County of Butte one term, and at the last general State election was elected State Senator from his native County, a position he has filled with credit and signal distinction. Like many native Californians, he has taken a deep interest in N. S. G. W. Was Grand Lecturer in 1881 and 1882, and served as Grand President in 1883 and 1884. He has a pleasing address, fine physique, and a happy faculty of impressing his associates, and in enterprises connected with the development of the northern portion of the State and politically he has been selected a leader. His record as an official has been clean, with an eye single for the public weal, and there seems to be a community feeling expressed at the ballot-box that our Native Sons have shown themselves worthy of the highest honors of our commonwealth.

Past Grand President, N. S. G. W.

The life and labor of Chas. W. Decker in fraternal society life is a signal illustration of the spirit of this age. He was born in Sacramento County, 1855, graduated from the Lincoln Grammar School and after a full course of study, received a diploma from the Medical College of the Pacific as a dentist, which occupation he follows with distinguished success. He joined California Parlor, No. 1, 1877, N. S. G. W., and has held office continuously in this order since. In the Grand Lodge he has earned the title of Grand Treasurer, Grand Lecturer, Grand Vice-President, and Past Grand President, and is President of N. S. G. W. Hall Association and President of the Golden West Publishing Association, Director of the Library Association, N. S. G. W.; Chairman of Fi-

nance Committee. Grand Parlor, 1888; member of G. A. M. Winn Monument Fund, and Historian of this N. S. G. W. He is a member of Mission Lodge, No. 169, F. and A. M., California Chapter, No. 5, R. A. M., and Knights of Kadosh, 30 degree, A. and A. S. Rite. He is also Past Dictator of Tancred Lodge, K. of H.; Past Master Workman, Valley Lodge No. 30, A. O. U. W.; Charter member Unity Lodge 61. K. of P., and Director of K. of P. Hall Association. In Golden State Court, No. 7495, A. O. F., he holds membership; in the Olympic Club and several social, financial and benevolent institutions.

His association with the great fraternal and beneficiary orders in leading official positions is larger than any other native Californian, or of one of his age in this State. He has a high reputation in his profession, popular among his associates, and his tact, ability, and large experience warrant him leadership and continued usefulness in society, and fraternal and beneficiary orders.

The growing pride among our Native Sons in this great commonwealth, and the men who have been selected as leaders, have given them a prestige and place at home and abroad equal to any association of men, and highly complimentary to them individually.

**HON. C. H. GAROUTTE.**

The subject of our sketch was born in Yolo County, California, in 1854, and has had a continuous residence at the same place. He is a graduate of Hesperian College, Woodland, and has taught school, practiced law, served as District Attorney for two terms, and Superior Judge of Yolo County for several years, and is now serving as Superior Judge for that county. In 1885 he was unanimously elected Grand President of the Native Sons of the Golden West, and his tact and administrative ability as the chief executive officer

gave him a prominence and popularity all over the State. He is also a member of Woodland Lodge, No. 11, I. O. O. F.

The life and career of Judge Garoutte fittingly illustrate the caliber of our Native Sons who have proved themselves "worthy sons of honored sires." During his service as Superior Judge (being the youngest one ever elected in this State) his decisions have been marked by careful analysis, deep research, and correct judgment. During the last five years a number of our Native Sons have been elected and filled official positions of trust and honor, and in every instance they have acquitted themselves with credit. Patriotism and a high appreciation of their inheritance has intensified their love for this commonwealth, and it is but a laudable ambition to serve their golden State and win greater honors, which now seems to be among the probabilities in the near future.

**MARCELLUS A. DORN,**

Grand President N. S. G. W.

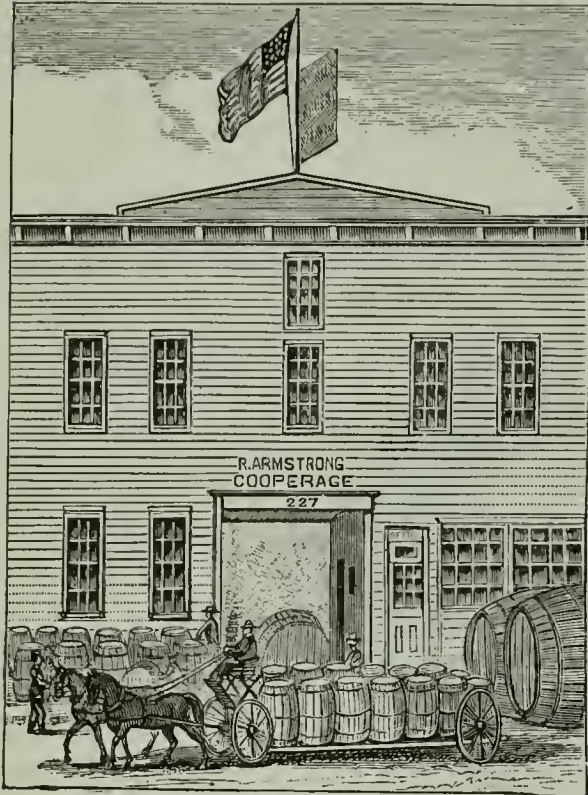

The argonauts of California have created an Empire ; the golden State has reared men. Of that class of native-born Californians, who by birth, descent, and education, the Grand President of the Grand Parlor of California is a typical representative of our honored pioneers. Opportunity, climate and association have developed a race of men mentally and physically, who are the peers of any nation.

Bro. Dorn was born in Los Angeles county in 1857, educated in the public schools, entered the University of California in 1875, and graduated in 1879 with honor. He was commencement speaker and class historian at that time, and took the Past Graduate degree of A. M. for the University of Cali-

fornia in 1882 ; entered Hastings' Law College in 1879, and received his diploma as Attorney at Law in 1882, having the honor again of being commencement speaker. He is now one of the firm of Dorn & Dorn, brothers, enjoying a large and lucrative business. He joined Pacific Parlor No. 10, was elected Grand Lecturer in 1883, President of Board of Grand Trustees in 1885, re-elected in 1886, unanimously elected Grand Vice President in 1887, and again unanimously elected Grand President in 1888, which position he is filling with credit. He is a Past Master of Mission Lodge 169, F. and A. M., and member of Golden Gate Chapter, Knights Templar. He is also a member of Yerba Buena Lodge, I. O. O. F., and Past Chancellor in the Knights of Pythias.

He has a fine address, martial bearing, and is an eloquent and brilliant speaker. His scholastic attainments, social standing and ripe experience at the age of 30 years in fraternal orders, warrant us in predicting a successful administration as the Chief Executive of the Native Sons of the Golden West, and a bright future as a leader among men.

**HENRY LUNSTEDT,**

Grand Secretary of the Native Sons of the Golden West.

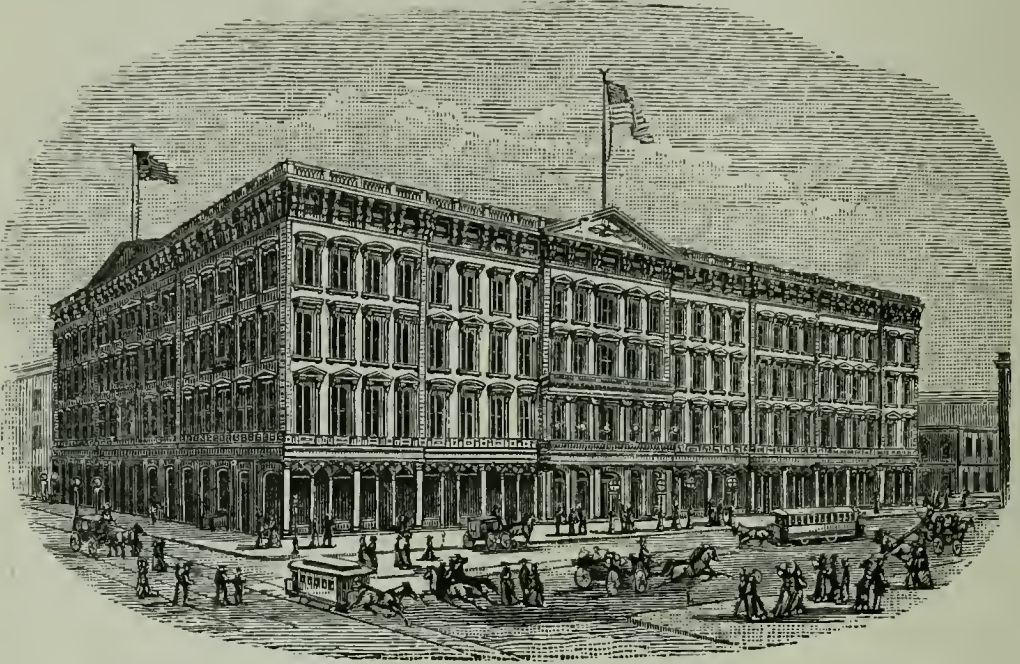

Henry Lunstedt, the present Grand Secretary of the N. S. G. W., was born in Old Tuolumne. He was educated at the public schools of San Francisco, but his intellectual stature is not to be gauged by the mere opportunities of the school-room. Brother Lunstedt is a man, who for mental breadth and real attainments, stands in the foremost ranks of the Order. His information is liberal, substantial, and upon a variety of subjects. He enjoys large literary acquirements, which he cultivates conscientiously and carefully. He is an able speaker, a forcible and ready debater, and a foeman in honorable controversy, written or uttered, worthy of prime steel. But Brother Lunstedt is something more than a man of books, he is a man of action. From opening manhood he has manifested a predilection for public life. He is one of the

pioneers and founders of the Native Sons of the Golden West. Of him it may be said, in adoption of the sentiment of the Trojan Æneas, that in the toils and struggles of the Order he has borne a great part. To his endeavors in the past the Order is sensibly indebted for its present position. In his abiding loyalty to its cause may be read a hopeful augury for its future. As a Grand Secretary—filling the office for six terms—he has impressed upon the Order a sense of his peculiar ability and aptitude for the post. Moreover he has had the honor of sitting in every Grand Parlor that has convened, and was for a time Grand Lecturer. He is thoroughly familiar with the legislation of the Order, is a recognized authority on all matters of law and practice pertaining to it, and it is not too much to say that his acquaintance with the personnel of the Order is more complete than that of any man in it. He is besides a member of other fraternal Orders, and was with Henry C. Larghrer the first of the Native Sons upon whom the Thirty-second degree of Scottish Rite Masonry was conferred. Such men are the vital spirit of organizations. From them as from a seminal center radiate out influences for power and increase and stability. To them must be vouchsafed the rewards, as upon them must rest the solicitudes, which go with the leaderships of the world.

**THEODORE H. GOODMAN,**

Grand Commander Department of California.

There are but few men who have filled responsible positions of private and public trusts with more skill and success than Mr. Goodman.

At the age of twenty years he accepted a position in railroad service, and during most of his life has been a General Ticket and Passenger Agent for extensive lines of railroad, and is now at the head of the Southern Pacific, Central Pacific, and Occidental and Oriental Steamship Companies. In the War of the Rebellion, he served two years as a brave and skillful cavalry officer.

Mr. Goodman is a member of Geo. H. Thomas Post, No. 2, G. A. R., of San Francisco, and Past Vice-Commander of the Department of the Loyal Legion of the United States. He was made a Master Mason in Mount Moriah Lodge, No. 44, San Francisco, in 1859, and exalted to the sublime Royal Arch degree in California Chapter, No. 5, San Francisco, in 1866. He has ascended the mystic stairway to the 33d degree passive, A. and A. Scottish Rite, and Post Venerable Grand Master of the Grand Consistory of California. At this time he is Grand Commander of the Department of California, G. A. R.

He has a massive brain, fine sensibility, and affable manner. Benevolence, generosity, and strict integrity are leading traits in his character. He seems to possess an intuitive knowledge of business relations in railroad affairs, and his keen perception enables him to detect fraud and imposition, whilst his magnanimity is extended to the weak and unfortunate. He has won a high and honorable place as a big-hearted and discreet public servant, and his career in fraternal societies has brightened homes and lightened heavy hearts.

Judge Bell is one of the prominent men of this State. S. Land Office, Judge of the Superior Court for eight years, and is the present incumbent. He joined the Order of Odd Fellows in April, 1855, and is now a member of Shasta Lodge, No. 57,

and is also a member of the "Veteran Association" of this State. He joined the Ancient Order of United Workmen in December, 1878, and was one of the charter members of Shasta Lodge. He was elected Grand Vice Commander for California in 1882, and Grand Commander for the State in April, 1883, serving two terms. His course since he became Judge, the impartiality and fairness which mark his judicial decisions on the bench, his untiring attention to all the duties of his high office, his courtesy and kindness to his brother attorneys, have won for him the respect and admiration of all. He is a vigorous and strictly temperate man, a diligent and ripe scholar, possessing an even and unruffled temper, courteous in his demeanor, the friend of the poor and needy—ever ready to do good to his fellow-man. In his conversation he is pleasing, agreeable, frank and candid—in fine, he is one of nature's true noblemen.

## DIRECTORY OF LODGES, F. & A. M.

### MASONRY.

We are informed by tradition that Free Masonry had its origin at the building of King Solomon's Temple. It is claimed by others that it antedates this memorable event in history. Without speculating as to its origin or antiquity, that it is the oldest fraternal society, having a greater universality than any other, there is but little room for doubt. It has survived nations, dynasties and kingdoms; and among the enlightened and civilized nations of the world it has grown in popularity, and seems entrenched in the hearts of the people as the grandest fraternal order in the universe. The Pope in the Vatican and the peasant have met at the same shrine, while king and plebian have formed the sacred circle around the altar of Free Masonry. Kings, potentates and emperors have worn the lamb's-skin apron as members of the craft in the lodge-room, while the humble mechanic has presided in the East as Worshipful Master.

The late Emperor of Germany and George Washington were Masons, and each has left a record of his labors and devotion to the craft. Whilst it is not in a strict sense a charitable order, benevolence and aid to the sick and distressed are features that have crystallized into relief committees, orphan asylums, and masonic homes for the aged and indigent, that it has become a great humanitarian society. Masonry seeks no proselytes, and those who pass the portals of the lodge-room enter of their own "free will and accord."

If the question was asked: Where does masonry exist, it could be pertinently answered, Where cannot it be found? Its cardinal principle is a firm belief in the existence of God, the Maker, only Supreme Ruler of the universe, and on this foundation rock it will exist until time shall be no more, and the earth shall be gathered together as a scroll.

**C. O. BURTON,**

Grand Secretary A. L. of H.

The pioneers of our State, who had the opportunity of knowing what the fraternal organizations did for the distressed at that time, were deeply impressed, and as a rule have devoted a large portion of their time in fostering and extending their beneficence. A striking example of this experience is found in the career of Bro. Burton. In 1852, he was elected a member of Charity

Lodge, No. 6, I. O. O. F., at Stockton, elected Noble Grand and Chief Patriarch; is a member of the Grand Encampment, and has served as Grand Master one year. He is a P. M. W. of Valley, No. 30, A. O. U. W.; and was one of the chief organizers of Washington Council 480, American Legion of Honor, and First Commander and Representative to the Grand Council. He has served as Grand Secretary of the American Legion of Honor for several years with signal ability. He brought to this important official position the varied and ripe experience he had acquired in other orders, and has been one of the chief factors in building up this growing order on the Pacific Coast. Bro. Burton is in the prime of life, surrounded by a very interesting family, one of the stewards of the M. E. Church, and one of the prominent leaders in fraternal and beneficiary societies.

**J. W. WARD, Jr.,**

Grand Secretary United Endowment Associates.

In the character, life, and career of Brother Ward, Jr., we see a fine type of a progressive American citizen. Educated in the Boston English High School, under the instruction of Prof. Thomas Sherwin, he has been farmer, merchant, County Clerk of Napa County, and is now a lawyer. He is Past Grand Dictator Knights of Honor, Past Grand I. O. O. F., and Past Master Workman A. O. U. W. The principle of co-operative and fraternal life insurance has engaged his attention, and to which he has given much thought. Four

years ago he, in conjunction with Dr. Hostetler, founded the United Endowment Associates. The distinctive features of this beneficiary society were the subject of ridicule among other leading organizations, and especially old line insurance companies. He was their first executive officer, prepared the ritual, and in fact carried the order on his shoulders for the first two years. He was the discoverer and founder of the United Endowment Associates, and by his tact, ability, and arduous labor in behalf of this growing organization, it bids fair to grow in numbers far beyond many of the older orders. The growth and development of the United Endowment Associates has been his especial pride, and to which, although in actual practice as an attorney at law, he has devoted a great deal of time and labor. He is a man of candor, possessing the confidence of those who know him best, esteem him the highest, and is well calculated to hold out well in all his undertakings.

**JOSEPH WILLIAM BELDEN,**

Grand Treasurer United Endowment Associates.

In every community some person is selected as a custodian for moneys, who by education and character is worthy of such trust.

This policy has been practiced in beneficiary societies. The subject of this sketch occupies the position of Grand Treasurer in a greater number of fraternal and beneficiary societies than any one in this State. At the age of seven years he emigrated to this State, in 1852. He has held the position of bank teller in five different banks, and now is engaged as such in the Anglo-Californian Bank, one of the largest on the Pacific Coast. He is a member of

California No. 1, F. and A. M.; Past Master Workman of Fidelity 136, A. O. U. W.; and Treasurer and Director of the Workman's Guarantee Fund. At the formation of the Grand Lodge U. E. A., he was elected Grand Treasurer, in 1884, and is the present incumbent. He is Grand Treasurer of the United Order of Honor; Treasurer of the Pacific Endowment League; Supreme Treasurer of the League of the Pacific; Custodian for the funds of several benevolent organizations; and Trustee for a large number of minors and individuals. Bro. Belden is a fine type of an American banker, courteous, affable and inflexible in following a rule of action that is just and liberal. His position and connection with our largest banking institutions has enabled him on divers occasions to grant accommodation to our wards and beneficiaries that was fraternal generosity. Our engraving is a striking likeness of one of our leading society men, who has done signal service in building up several of our leading humanitarian societies.

**J. MEREDITH DAVIES.**

There are but few men better known on the Pacific Coast than the genial, pushing and enterprising Secretary of the State Board of Trade. In the country of his birth, North Wales, he began the struggle of life under circumstances that require pluck, energy, and indomitable will to succeed.

His occupation has been school teacher, telegraph reporter, and for a long time general agent for the Chicago and Northwestern Railroad Company on the Pacific Coast. He has been identified with local enterprises, and is always found in the lead, moulding, guiding and organizing.

As a leading spirit in the Board of Trade he has rendered great service in advancing the interests of the Pacific Coast.

He has ever taken a very lively interest in fraternal organizations, and in all has made himself useful and popular. He joined the Knights of Pythias while in St. Louis. Seventeen years ago he became a member of the A. O. U. W., and aided in the organization of the Order in Iowa, and was one of the few who remained loyal to the Supreme Lodge. He is at present a member of St. John Lodge, No. 73, of the Jurisdiction of California. He is also an active worker among the Odd Fellows, the Knights of Honor, Royal Arcanum, American Legion of Honor, and the venerable Order of Masons, having advanced in the latter Order to the Scottish Rites.

Bro. Davies is in the prime and vigor of manhood, a forcible speaker, pleasing address and companionable, and has a bright future as a leader and wise counsellor among fraternal Orders, as well as in his business outlook.

**E. T. BLACKMAR,**

Supreme Representative of the Supreme Lodge of the World.

There are men in every community who become leaders in society by common consent. Such has been the career of Col. E. T. Blackmar. The commanding form, genial nature and high intellectuality which he possesses give him an influence and attraction among his associates seldom seen. His Pythian history dates from 1871, when he was made a Knight in Welcome Lodge, No. 1, Chicago. In '73 he became a charter member, and first Chancellor Commander of Imperial Lodge, Chicago. He has taken a deep interest in Pythianism, and was largely instrumental in forming San Diego Lodge, No. 28. In

1876 he was elected Grand Prelate, and advanced each session to Grand Vice Chancellor and Grand Chancellor. In 1880 he was elected Supreme Representative, and elected again in 1886 for four years, commencing January, 1888. In October, 1883, Chevalier, No. 6, of the Uniform Rank, was instituted in San Diego, and he was elected first Lieutenant Commander, and the following year Sir Knight Commander.

In October, 1886, he was elected Colonel of the Third Regiment of the California Brigade. Brother Blackmar is a member of the Endowment Rank, Section No. 70, and has acted as Secretary and Treasurer for a number of years. He is also a member of San Diego Lodge, No. 35, F. and A. M., San Diego Chapter, No. 63, Loyal Legion of Commandery, and Heintzelman Post, No. 33, G. A. R.

He has led an active life, and although 57 years of age he has an elastic step, and vigor that will warrant many years of service in the building up of society.

**STANTON L. CARTER,**

Past Grand Commander.

A striking example of push, perseverance, and tenacity of purpose is shown in the life and career of Stanton L. Carter. By his own exertions he has placed himself in the front rank as one of the leading attorneys at law in this State, at the age of 35 years. After graduating at the High School he attended Heald's Business College, for the purpose of fitting himself for a mercantile career. Soon after he commenced to read law, and within two years was admitted to practice. He filled the office of City Attorney for Stockton for three terms with signal ability and success. He was made a Knight in

1876 at the institution of Centennial Lodge, No. 38, K. of P., of which he was a charter member, and was appointed Inside Guard the same evening he received the Knight Rank, and served successively as Master at Arms, Vice Chancellor, Chancellor Commander, and Past Chancellor. In 1880 he was elected a Representative, and served in that capacity continuously until his election to the office of Grand Chancellor in 1884, and has since represented his Lodge in the Grand Lodge. Immediately upon his admission to the Grand Lodge he was appointed Chairman of the Committee on Law and Supervision, and served upon that committee until his election as G. C., and is now a member of the Committee on Appeals and Grievances. His thorough knowledge of Pythian laws caused him to be unanimously selected by the Grand Lodge of 1887, to prepare and compile a Pythian Digest. This work is replete and carefully revised; containing all decisions of importance since the introduction of the order in this State, and has been pronounced by experts in Pythian law one of the best compilations ever issued.

## DIRECTORY OF LODGES, I. O. O. F.

### INDEPENDENT ORDER OF ODD FELLOWS.

The rise, progress and growth of the I. O. O. F. in the United States is one of the grandest achievements in the history of fraternal and beneficiary societies. In 1804 Thomas Wildey, John Welch, John Duncan, John Cheatem, and Richard Ruohworth, members of the Manchester Unity, established Washington, No. 1, at Baltimore, and the "corner-stone laid for that mystic and beautiful temple which now challenges the admiration of the world." In 1842, the American membership formally seceded from the Manchester Unity, and declared itself the Independent Order of Odd Fellows throughout the world. At that time there were 265 lodges, with 24,000 members; now, at the end of forty-six years, there is a Sovereign Grand Lodge, two Independent Grand Lodges (German Empire and Australasia), 47 Grand Encampments, 65 Grand Lodges, 2,070 Subordinate Encampments, and 8,487 Subordinate Lodges. Encampment Members 205,000, Lodge Members in good standing, 500,000, annual revenue \$5,700,000, annual relief \$2,300,000, total relief \$46,000,000, now in the treasury \$60,000,000. As an adjunct the Rebekah degree, to which woman is admitted, has been established in the United States, and has become very popular.

California has 310 lodges and 25,000 members; total assets \$2,100,000; relief fund \$220,000; revenue \$470,000 annually. The I. O. O. F. is strictly a beneficiary Order, and the vast sums expended to relieve the sick and distressed are not given as a charity, but as a payment of what is due and earned in the days and years that have elapsed while they are members.

**THOMAS FOXWELL BACHELDER,**

Past Grand Chancellor.

The subject of our sketch is a native of Maine. His early life was spent in the wild lumber region of New England; entered Waterville College at an early age, and graduated with honor in 1858. His profession as Attorney-at-law has been confined to intricate land cases requiring deep research and logical reasoning, in which he has been eminently successful. Schooled in the rough elements of a new country his life has been one of active and continued labor in his profession and industrial enterprises, prominent among which was establishing a great fruit orchard of 350 acres at Sunol Glen, his present residence.

He is a member of F. and A. M., and Past Grand Chancellor of the Knights of Pythias. During his term of office it required tact, firmness, and consummate skill to preserve this noble Order from a factious quarrel and strife. He proved himself worthy of this trust, and at the close of his administration harmony had taken the place of discord, and the Knights of Pythias were in a prosperous condition. He is genial, affable, and courteous to every one with whom he comes in contact, and is possessed of that clear intellect and coolness of judgment and self-reliance that makes him a safe leader in times of great excitement. He makes up his mind what course is right, and neither friends nor foes can change him from it. Perseverance and tenacity are leading traits in his character, and to this he owes his successful career in business and society affairs. Blessed in his marital relations, honored and esteemed, he is now enjoying life in his luxurious home at Sunol Glen, in striking contrast with his arduous labors in early life.

**GEORGE B. KATZENSTEIN,**

Grand Secretary I. O. S. T.

There is no man in this State occupying a more prominent position in fraternal and beneficiary orders than the subject of our sketch. He has been closely identified with the Knights of Pythias, and is a Past Grand Chancellor.

He is also a member of the I. O. O. F., Improved O. R. M., A. O. U. W., and the I. O. G. T., having promptly "passed the chairs" in each. He is a member of the several Grand Lodges and has been a representative to the Grand Lodge in each order. He is chairman of one of the most important committees of the Grand Lodge, A. O. U. W., and is a past Great Sachem of the Improved O. R. M.

His chief fraternal labors, however, have been in behalf of the I. O. G. T., with which he has been connected for more than twenty years, and in which he rose to the proud distinction of R. W. G. T.—the presiding officer of the Supreme Lodge of the world—and to which he was thrice elected at Topeka, Kansas, Charleston, S. C., and Chicago, Ill., declining a re-election last year at Washington, D. C.

At present he is the Grand Secretary of the I. O. G. T. of this State, and his influence on that order can never be fully appreciated and comprehended, under his guidance the order having nearly tripled in membership, and quadrupled in finances.

He is a methodical man and a pains-taker, and would for that reason be classed by Carlyle as a "genius." He has a clear insight and general comprehension of things, which enables him to do the proper thing at the proper time. In all society letters he is a master of the situation. You can hardly conceive a mind better fitted for the numerous emergencies that arise in the fraternal organizations than that of Geo. B. Katzenstein.

**LIEUT. N. C. BOVEE.**

California is a favorite State for societies, and her native sons, by education and association, naturally drift into these orders at an early age. Lieutenant Bovee is a fine specimen of a native Californian, genial, frank and generous. He has been prominent as a chief executive, and active and earnest worker in several organizations. The Knights of Pythias, as an order, has a

strong attachment for him, and the semi-military adjunct, or Uniform Rank, is his special pride.

His society record is made up of a membership in Justice Lodge, No. 85, K. of P., Justice Division, Uniform Rank, K. of P., No. 20, and Treasurer of the same since its organization; Past Officer in the Ancient Order of Foresters and United Endowment Associates; also an active member of A. O. U. W., American Legion of Honor, and the Native Sons of the Golden West. Although he is a young man, under 30 years of age, he has been a leading broker in real estate, and is now associated with the firm of Bovee, Toy & Co., Real Estate Brokers.

**HON. FRED. W. BELL,**

Supreme Representative.

There are but few men better known in society life than Fred. W. Bell. In all of the fraternal and beneficiary societies of which he is a member, he has held the chief executive position, and for the last ten years been crowded with official duties. He has been a close student, and is a graduate of a local college of his native State, Kentucky. His guardians, an uncle and aunt, aided him in his studies for a Presbyterian minister. Their death, before he had finished his theological course, threw him on his own resources, and forced him to abandon

the profession he had chosen. He arrived in San Francisco in 1860, and has been in turn clerk, merchant, Court Reporter, and member of the Legislature for Idaho. His home is now at Eureka, Humboldt County, and one of the leading real estate brokers and prominent citizens of that section.

For a number of years, Brother Bell has been a zealous member of the order of Knights of Pythias, and noted as a hard worker, both in the subordinate and grand lodges. At the session of the Grand Lodge, held in San Francisco in April, 1883, he was rewarded for his fidelity to the principles of our noble order by being elected Grand Chancellor. During his term of office he succeeded in adding 2,000 to the membership in California. He took his seat as a Supreme Representative at the Toronto session, and will also represent California at Cincinnati this year. He is also prominent in the A. O. U. W., I. O. O. F., and Order of Chosen Friends. He is married and has one child living, his domestic relations being of the happiest.

**CHARLES W. NEVIN.**

The life of C. W. Nevin is a striking example of push, industry and perseverance. Commencing at an early age the battle of life, he has passed through adversity and vicissitude, steadily advancing until he has amassed wealth, gained honor and esteem, and is now a leading business man and proprietor of a large printing house. He was born in Iowa in 1849, received a common school education, and at the age of fourteen years left home and parents. At the age of sixteen years found him in California, a "devil boy" in a printing office in the country. He served as an apprentice on the "San Francisco Examiner" two years, and eight years with Francis & Valentine, and became master in the art.

He joined Myrtle Lodge, Knights of Pythias, served in all the chairs, was elected Grand Representative in 1882, and has been re-elected each year to that position, and served on various committees in the Grand Lodge, being Chairman on Laws and Supervision for 1887. In 1882 he was elected Vice-President

of the K. of P. Library, and the following month was elected President, and has served in that capacity since.

To his tact and administrative ability the success of Knights of Pythias Library (one of the best in the State) is largely due. He is now Deputy of District No. 4. In 1882 he became a charter member of Memorial Lodge, 174, A. O. U. W., passed the chairs, was elected a Grand Representative for several terms, and District Deputy one year. He became a member of California Lodge, No. 12, B. P. O., Elko, served in various official positions, became a member of the Grand Lodge, by service, and is now Treasurer of the two consolidated Lodges—Golden Gate, No. 6. In 1885 he took a leading part in forming Memorial Lodge, No. 6, United Endowment Associates, was the first presiding officer, and first Representative to the Grand Lodge. He is also a member of the Workman's Guarantee Fund, and several other benevolent Associations.

In his association with these benevolent orders he has been selected as a Counsellor and leader, and there is no person who has more influence among his fraters. Blessed in his marital relations, highly respected among his associates, his life and career has been one of usefulness and benefit to his fellow-men.

**DR. H. R. MORTON,**

P. N. G. A.

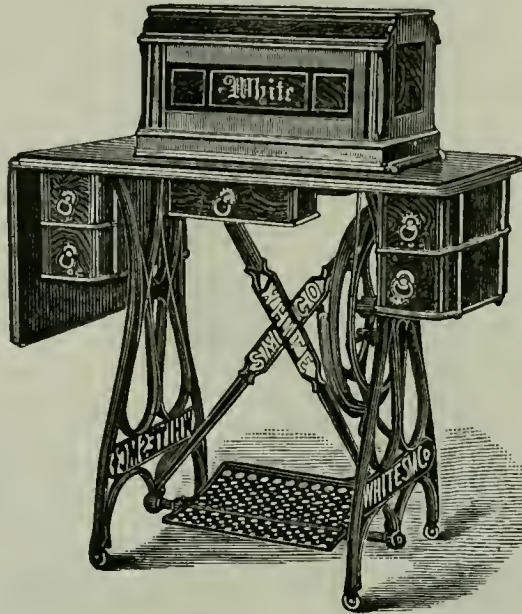

The pioneers of California will ever be held in highest esteem as a band of heroes. The subject of our sketch visited the Pacific Coast in 1846, and again in 1849. Like most of the pioneers he followed various pursuits; mining in different portions of the State, Sheriff, fighting Indians and Mormons at the time of the Mountain Meadow Massacre. In the year 1858 he settled in San Francisco, and has since been practicing his profession as a dentist. Dur-

ing all these years he has taken great interest in fraternal societies and benevolent orders. He organized the Portuguese Protective Association, and was one of the founders of the Portuguese Union of Alameda County. Dr. Morton holds a membership in the I. O. O. F., Red Men, Knights of Pythias, Pioneers, and Ancient Order of Druids. During the year 1885 he held the position of Deputy Grand Arch, and was honored with an election in 1886 as Noble Grand Arch for this jurisdiction. His record as an executive officer, and the devotion and zeal displayed during his incumbency was shown by the increase of new Groves, and membership, and general growth and prosperity of the Order. Bro. Morton has been liberally educated, and is familiar with the leading languages, and has acted as interpreter in the early part of his life for a livelihood. His life has been full of romance, adventure and unrequited service to his fellow men.

**KATE J. WILLATS,**

Grand Secretary of the Order Eastern Star.

As a representative fraternal woman of the Pacific Coast, the subject of this sketch stands pre-eminent. Coming to this State in early childhood, she is by training and education a thorough Californian, and identified with Californian institutions and interests.

She was initiated in Golden Gate Chapter, No. 1, O. E. S., of San Francisco, in January, 1871. Removing to Vallejo she affiliated with Silver Star Chapter, No. 3, of that place, and served two terms as Worthy Matron. When a convention was called in April, 1873, for the purpose of organizing a Grand Chapter for the State of California, Mrs. Willats was sent as delegate from the Vallejo Chapter, and has attended every session of the Grand Chapter

since its organization in May, 1873. She was the first Grand Lecturess of the Order for the State of California, and has been successively Grand Conductress and Grand Treasurer. In 1882 she was elected Grand Secretary on the first ballot by a flattering majority. In 1883 she was unanimously re-elected by a ballot said to be the most complimentary ever given to an officer of the Grand Chapter in this State, and has been re-elected by acclamation every year since then, filling the office at the present time in a most creditable and satisfactory manner.

Mrs. Willats is also an officer of the Grand Council, American Legion of Honor; a Past Grand officer of the Grand Council of Chosen Friends; Chairman of the Finance Committee of Grand Lodge United Endowment Association; Past Commander of Kismet Lodge, No. 25, Legion of the West; Secretary of the Home Mutual Endowment Association of California; a member of Lincoln Corps, W. R. C.; was a member of Aurora Lodge, Knights and Ladies of Honor; and has been Secretary of Golden Gate Chapter for five years, she having returned to San Francisco and re-united with the mother Chapter in 1879. She is one of the most tireless and indefatigable fraternal workers in California.

**FRANK DALTON,**

Past Commander.

The wonderful development of the Pacific Coast has enlisted our best intellect in our commercial enterprises and shipping interests. Prominent among those who have occupied a leading position as a shipper and wholesale Commission Merchant in cereals, fruit and produce is the subject of our sketch. He was born in 1845, came to California in 1854, spent his boyhood days on a farm, and laid the foundation for a robust constitution and power of endurance that has helped him in his ordinary and eventful life. In 1866 he commenced his successful career as a produce commission merchant, and has followed continuously his chosen occupation in the same place. In 1885 a younger brother, Mr. T. B. Dalton, was admitted, which constitutes the firm of Dalton Bros. Frank Dalton is now President of the Merchants' Exchange of San Francisco, President of the Produce Exchange of San Francisco, and President of the San Francisco Call Board Association; a larger number of official positions of trust than has ever been held by one person at one time in the history of this great commercial metropolis. Although he led an active life as a merchant, our fraternal orders have been promoted by his labor, influence and membership. He joined California Lodge F. and A. M. in 1872, Golden Gate Commandery K. T. in 1882, and served as Eminent Commander in 1887. He is also a member of St. John Lodge, No. 73, A. O. U. W., Friendship Lodge, Knights of Honor, and several benevolent and social organizations.

He is genial, unostentatious and generous. A man of few words, sound judgment, sensitive nature, and keen intellect; his great influence among his associates has been gained by strict integrity and unwavering rectitude in adversity and prosperity. Blessed in his family associations, esteemed among men, honored with responsible official positions, his career in life has been one of usefulness, and a model of enlightened American citizenship.

**C. H. BREMER,**

District Grand Secretary, A. O. F. of Cal.

S. in July, 1886, was also elected C. R. Bro. Bremer is looked upon as a man whose devotion to principle, fair play and generous impulses entitle him to the honors he has received as a citizen, and the affectionate regard in which he is held as a brother. He is also a member of S. F. Lodge, No. 1., Order of Hermann Sons, and honorary member and Dist. Deputy of Court Harmonie, 7547, A. O. F. The A. O. **JOHN T. CAROTHERS,**

Grand Commander Select Knights.

The triumphs of peace are signally illustrated in the career of men. Mr. Carothers for a number of years has given a large portion of his time and labor in promoting and enlarging our great beneficial and fraternal organizations, although for the last fifteen years he has been the chief baggage master of the C. P. R. R. He was born in Washington, D. C.; came to California in 1855, and was a farmer and dairyman until he accepted his present position. He is a prominent member of I. O. O. F. and Oakland Encampment.

He was a charter member and P. M. W. of Occidental, No. 6, A. O. U. W., and Past Commander of Upchurch Legion, No. 9, Select Knights, and also a member of Ivanhoe Lodge, Knights of Honor. He served as Grand Vice Commander of Select Knights, and at their last convention was unanimously elected Grand Commander S. K. He has been selected a "City Father," and for three consecutive terms been elected a member of the City Council of Oakland. Bro. Caruthers is a fine type of manhood, a born leader, unblemished character, and a man of sterling worth. Modest and unassuming, his acceptance of offices has been at the earnest solicitation of his associates.

**ANCIENT ORDER OF UNITED WORKMEN.**

The founder of the Ancient Order of United Workmen was J. J. Upchurch, a poor mechanic, who sought to establish a co-operative society or order that would bring employer and employee in closer and more cordial relations. To carry out this policy, and establish fraternal relations, each member agreed to give the amount or proceeds of one day's labor to a deceased member's widow. That beneficiary feature, commenced 19 years ago in the town of Meadville, Penn., was the stepping stone of this great beneficiary order, now numbering over 200,000 members. It provided that all white male persons over 21 and under 50 years of age were eligible to membership. The first payment on a policy was less than \$300. Since that time millions of dollars have been paid to the widows and orphans of deceased members, at the rate of \$2,000 on each certificate. It is the largest beneficiary order, as it was the first established that had fraternal relations with an organized system of charity. A significant feature of this order is its cosmopolitan character, and a membership recruited largely from the old fraternal orders. This order has had a phenomenal growth in California, numbering now 18,000 members.

## NATIVE SONS GOLDEN WEST.

"The Society of Native Sons of the Golden West" was organized for the mutual benefit, mental improvement and social intercourse of its members; to perpetuate in the minds of all native Californians the memories of one of the most wonderful epochs in the world's history—"the days of '49"; to unite them in one harmonious body throughout the State, by ties of a friendship mutually beneficial to all, and unalloyed by the bitterness of religious or political differences, the discussion of which is urgently forbidden in its meetings; to elevate and cultivate the mental faculties; to rejoice with one another in prosperity; and to extend the good samaritan hand in adversity.

"The members must bear a good reputation for sobriety and industry; they must follow some respectable calling by which to make a living, and as a vital principle of the association, it encourages temperance among its members, and recommends total abstinence from all intoxicating drinks."

None are eligible except native Californians, born since July 1, 1846. All applicants must be over eighteen years of age.

**GEORGE W. DIXON,**

Grand Commander.

The fraternal orders, co-operative societies and beneficiary organizations have enlisted the services and influence of a large number of our leading merchants and manufacturers. Of this class, the subject of this sketch has taken an active part, and been prominently identified as a leader, in several of the great fraternal and beneficiary orders of our country. His high qualifications and successful career as a business man; his open, frank and genial ways; his extensive acquaintance, happy pose of mind, and executive ability have given him a popularity seldom accorded to a person who has been actively engaged in a commercial vocation.

In his appreciated labors for his co-workers he has persistently advocated a policy of liberal, just and uncompromising business principles, in building up these co-operative and beneficiary associations. His speeches and addresses are characterized by plain, concise and exhaustive statements of the subject matter, without any attempt at eloquence or oratorical efforts.

He has been a wise counselor, sagacious and clear-headed. His administration as the Chief Executive of the American Legion of Honor has been one

of fidelity, popularity and unqualified success. He was born in Rochester, N. Y., in 1840; educated in the public schools, and commenced life as a "sailor boy," arriving in San Francisco in 1858. He joined Grass Valley Lodge, No. 12, I. O. O. F., in 1862; passed the chairs and was elected a Grand Representative, in 1866; served three years as Marshal of the Veteran Odd Fellows' Association, and is now one of the Directors. He helped to organize Burns Lodge, A. O. U. W., in 1878, and Olympic Lodge in 1879, and was elected Grand Representative for several terms. In 1880 he joined Bohemian Council, A. L. of H., and was elected Grand Representative in 1883.

In the Grand Council he has held the position of Grand Trustee, Grand Vice-Commander, and in 1887 was unanimously elected Grand Commander. He now holds the position of Grand Treasurer of the Legion of the West, and President of the Occidental Loan Association. He has been prominent in civic affairs for a long time. He has held the position of U. S. Internal Revenue Collector, Assistant Clerk in the Assembly, Assistant Secretary of the Senate, Secretary of the Republican County Committee for three years, and is known as an active and sagacious worker in political affairs.

In his domestic relations he has been highly blessed; in his business career a success; and his natural ability as a leader and counsellor in the fraternal, political and monetary associations with which he has been connected has given him a large acquaintance and prominence all over the Pacific Coast and Eastern States.

### KNIGHTS OF HONOR.

This fraternal and beneficiary Order was instituted fifteen years ago. Its objects are as stated in their constitution :

"1.—To unite fraternally all acceptable white men of every profession, business and occupation.

"2.—To give all possible moral and material aid in its power to its members, and those depending on its members, by holding moral, instructive and scientific lectures, by encouraging each other in business, and by assisting each other to obtain employment.

"3.—To promote benevolence and charity by establishing a Widows' and Orphans' Benefit Fund, from which by the satisfactory evidence of the death of a member of the Order, who has complied with all the lawful requirements, a sum not exceeding two thousand dollars, (\$2,000) shall be paid to such member, or members of his family, or person or persons dependent on him, as he may designate."

Having passed a medical examination, the petitioner must be a white male person, between the ages of eighteen and fifty years, in order to be admitted as a beneficiary member.

Subordinate Lodges may provide by their by-laws for the payment of weekly sick benefits; but whether paying weekly sick benefits or not, it is their duty to look after their sick or disabled members.

Since its institution, it has gathered together a membership of over one hundred and thirty thousand men, and has paid, without deducting a single penny for commissions or expenses, to eleven thousand widowed families, the sum of twenty-four millions of dollars. All moneys collected on assessments go directly to pay death losses, the expenses attendant on the collection and disbursement of the Widows' and Orphans' Benefit Fund being paid from money raised by the per capita tax, and from sale of supplies, thus keeping the Widows' and Orphans' Benefit Fund sacred to the purpose for which it is collected, namely, the payment of death losses.

### OUTLINE OF THE ORDER.

Organized at Louisville, Ky., under special enactment of the Legislature of the Commonwealth of Kentucky, in the year 1873. Admits to membership between the ages of 18 and 50. Pays a death benefit of \$2,000, or one half rate \$1,000, at death, collected by assessment of \$1 on the membership for full rate. Assessments graded after the age of 45. Widows and Orphans' Benefit Fund controlled by the Supreme Lodge.

**KNIGHTS OF PYTHIAS.**

The Order of Knights of Pythias was founded in the City of Washington, D. C., February 19, 1864. Justis H. Rathbone, who wrote the ritual, holds the title of "Founder and Past Supreme Chancellor." During the late Civil War estrangements were engendered, passions aroused, and sectional strife

and hatred were the prominent characteristics of this period. It was the conception of the great philanthropic mind of the "Founder" and his associates, to establish a fraternal and semi-military order, that would assuage the heated passions and bind in the closest ties men who had felt the privations and pangs of war.

The story of Damon and Pythias, that has been handed down from ancient times, in which the ties of friendship were so strong that one will risk his life to save his friend, was the foundation, and three great cardinal principles of Friendship, Charity and Benevolence were the corner-stones on which this great benevolent institution rests. Weekly and funeral benefits are given, not as a charity, but as a right. There is a Uniform Rank connected with this order, which has become very popular, and which serves to keep the military spirit dominant, and enlist young men as members. In 1877 an Endowment Rank was established, which provides for the payment of a certain amount at death to the widow and orphan or named legatee, in sums of \$1,000, \$2,000, and \$3,000.

It has had a marvellous growth, and now numbers 200,000 members, with 16,000 in the Uniform Rank and 17,000 in the Endowment Rank. This order was introduced into California in 1869, and now has 140 lodges and a membership of over 10,000, with 1,500 in the Uniform Rank. Its knightly character, close friendship, semi-military feature combine to attract, educate, and relieve the distressed and improve society.

The declaration of principles adopted by the Supreme Lodge says, "Our noble Order was instituted to uplift the fallen, to champion humanity, to be his guide and hope, his refuge, shelter and defense, to soften down the asperities of life, to subdue party spirit, and by the sweet and powerful attractions of the glorious trinity of Friendship, Charity, and Benevolence, to bind in one harmonious brotherhood men of all classes and opinions."

## UNITED ORDER OF HONOR.

The United Order of Honor is an Order possessing stability, and is rapidly and surely increasing in membership. Its medical examinations are most thorough, and the greatest possible care is exercised in the selection of members. The Order has standing, high character, and an assured bright future. Its financial condition is of the soundest, all death claims being paid promptly and there are no back debts hanging over the Order to create distrust of its management. The General Fund of the Grand Lodge is in a most flattering condition. The Lodges are prompt in paying their obligations, and the members equally prompt in paying their individual assessments, showing that the Order possesses the entire confidence of those who are now members. During the year 1887 we have had but thirteen assessments in this jurisdiction, and have paid about \$70,000 to the widows and orphans of our members.

The United Order of Honor was organized at Indianapolis, Ind., on April 26, 1881, with but fifty charter members, since which time lodges have been organized in twenty-four States and Territories of the Union (excluding the yellow fever districts), also Canada and British Columbia, comprising a membership of nearly 30,000. It is universally acknowledged by the most competent judges to be the most refined, useful, inexpensive and progressive society in existence. Its rapid growth during the last three years, and its being indorsed by the best classes of citizens, prove beyond a doubt that it is destined to become one of the largest orders known.

### PLANS OF THE ORDER.

The United Order of Honor is a secret benevolent society—*secret only in the sense of being private*—having signs and passwords by which members can make themselves known, and be able to establish their claims for protection and assistance, should they happen to be in a strange place and in need.

In arranging and compiling the Constitution and Laws of the Order, the organizers had before them the laws of the most successful beneficiary societies then in existence, and embodied in the United Order of Honor the best features of all, adding such new ones as were suggested by long experience in, and close observation of, the details and workings of like associations, and adopting, after close and thorough investigation, the Total Disability clause, and payment at 75 years.

The distinctive features are briefly stated in the following

### OBJECTS OF THE ORDER.

1st. To unite for the purpose of promoting Industry, Morality and Charity, all acceptable white persons, of moral character, good habits, sound, both physically and mentally, and of a respectable calling, who believe in a Supreme Being, the creator and preserver of the universe.

2d. To improve the condition of its membership morally, socially and materially, by timely counsel and instructive lessons, by encouragement in business, and by assistance to obtain employment when in need, and to provide for and comfort the sick and distressed members of the Order.

3d. To establish a Mutual Aid Fund, from which members of this association who have complied with all its rules and regulations, or persons by such members lawfully designated, or the legal heirs of such members, may receive a benefit in a sum not exceeding three thousand dollars, which shall be paid either—

1. When a member, by reason of his disease or accident, from following his or her usual or some other occupation, or while engaged in the performance of any reputable and legitimate business, becomes totally and permanently disabled.

2. Upon satisfactory evidence of the death of such member, when all the conditions regulating such payment to them by the Order have been fully complied with.

## AMERICAN LEGION OF HONOR.

The American Legion of Honor was founded in Boston in the year 1878. Its characteristic features were graded assessments, admission of women on an equality with men, and payment of sums ranging from \$500 to \$5,000 to the families of deceased members or a legatee named who was a dependent. Since that time there has been established a weekly system of sick benefits, and a certain sum known as a funeral benefit. The incorporators were clear-headed men and one woman, who enacted and provided laws which were conservative, yet explicit in making provisions for a good financial system, and establishment of a system that would perpetuate the Order. All the safeguards for investment of a fund to be known as the Guarantee Fund have been made. This fund is created by setting aside five per cent of all moneys collected on beneficiary assessments until the amount reaches \$500,000. After that time any surplus is divided pro rata among the members who have been paying assessments for a term of five years. This fund has already reached over \$10,000,000. It has been provided that a member can draw, in case of disability or sickness, one-fifth of the amount of his beneficiary certificate in weekly stipends. Although but ten years old it has had a very prosperous career, and numbers 63,000 members; has paid out to 3,700 families over \$10,000,000, and on the 31st day of December, 1887, there were no claims for losses due and unpaid.

The personnel of membership is equal to if not superior to any order in this country, and it is among the gratifying results attained in enlisting a large number of our leading citizens as beneficiary and honorary members. Its name, system of government and finance, as well as its humane and liberal provisions in assisting the sick, have given it a popularity and attraction that seems to warrant its perpetuity and future usefulness.

## ANCIENT ORDER OF FORESTERS.

The antiquity of Forestry is not positively known. It is of record that Court No. 1, at Leeds, England, in 1813, was the foundation of this great and powerful order. On the 4th, 5th, and 6th of August, 1834, there was a great delegate meeting held at Rochdale, when the following address was promulgated by this Executive Council: "From this time henceforth the Order of Ancient Foresters will take the precedence of all similar institutions, and the members of the first Executive Council hope to see that day when the Order shall find the most eminent for virtue, piety, learning and heroism of our countrymen, and those who visit our shores, proud of being ranked among its members. To faithfully, honestly and zealously perform our duties, and to live in the esteem of our brethren, is our anxious hope; and we pray heaven to guide us aright and cause our brotherhood to flourish and be respected."

Court *Good Speed*, No. 201, of the Ancient Order of Royal Foresters, was established in 1830, in Philadelphia, and admitted as a Subsidiary Court of the Ancient Order of Foresters in 1836. The U. S. Subsidiary Court was formed December 29th, 1874. Of the forty-three courts in existence at that time, one of these, Court Robin Hood, No. 5931, is held in San Francisco. The conditions of membership are "no person shall be initiated into any Court who is under eighteen years of age or over forty-five (except as an honorary member) unless he be a white male, of good moral character, sound in health, free from disease, and a believer in a Supreme Being." There are several auxiliaries, viz: the Knights of Sherwood Forest, Uniformed; Circles which admit females known as Companions of the Forest, and Juvenile Societies to which Sons of Foresters are admitted. This order is now firmly established in 30 States and Territories of this Union, and the membership is increasing rapidly. It is a social, fraternal and beneficiary order, having a system of sick benefits of a regular stipend per week, with medical attendance and medicines free. There is also an Endowment Fund, which can be taken at the option of a member divided into four classes of \$500, \$1,000, \$1,500 and \$2,000. Forestry forms a conspicuous part of the higher civilization of the nineteenth century. Its antiquity, its huge proportions, and close fraternal ties "in relieving distress, aiding the weak and comforting the mourner," have given it an establishment that will last while men are humane. There are 900,000 Foresters holding membership in all parts of the world, with a system of government that gives to the individual member equal rights and privileges, and substantial recognition under severe penalties from any Subsidiary Court wheresoever found.

# California Nursery Company.

\*

It has become a settled fact that the paramount interest of the Pacific Coast is fruit-raising. During the last decade we have demonstrated the adaptability of California in soil and climate, in growing not only the general fruits of the temperate zone, but we are now furnishing a large proportion of semi-tropical fruits used in the Northern States, and sagacious men anticipate and predict that we shall become a dangerous competitor with France, Italy and Sicily, in growing the olive and fig as we now are in the vine. Anticipating a demand for young trees, an incorporated company was formed by men of large means, and experienced nurserymen, to establish a plant that could supply nursery stock in unlimited amount. After a careful and full investigation, they selected 460 acres of land lying between Alameda Creek and the C. P. R. R., one mile west of Niles, Alameda County. The writer recently made a visit to this nursery and a flying trip in and around Niles. From his notes and memoranda he gives a succinct description:

The California Nursery Company was started five years ago in a stubble field, with new and clean stock of every sort, importing roots and scions from reliable firms in Europe and the Eastern States. Their location is next to the foothills in the "warm belt," and adjacent to the wide-spreading fields of the Beet Sugar Manufacturing Company of Alvarado. The soil is composed of alluvium and a light sandy loam. Its productiveness is attested in the marvelous growth of every variety of vegetation. From actual measurement, whole rows of cherry trees had grown six and eight feet from the graft or bud in one season, and pear, peach and apple stock from five to seven feet. This thrifty growth was attained without irrigation, although this Company have facilities for running water over their land, if desired. Two large windmills and a steam pump on the high ground next to the Alameda creek could flood their present nursery (which is now planted 400 acres) in case of a severe drouth.

It is a subject that gives food for thought when we contemplate the wonderful change wrought by the managers of this company. Within 300 yards of the main office stands the adobe building where, 25 years ago, the vaquero rested from his labors in herding wild cattle and horses.

Five years ago the husbandman was raising grain to feed the overcrowded population of Europe. At this time the California Nursery Company has changed the whole aspect of this lovely valley and converted this spot into an Eden. Their plans were laid on a broad gauge and grand scale to fill the requirements of our market, extending from British Columbia to the Tropics, and from the Pacific Ocean to the Atlantic seaboard. No insect pest has been found in this nursery, and there are no adjacent orchards from which they could be propagated. The managers in selecting this locality took the precaution of isolating themselves from old orchards. The location of the grounds extends one and one-half miles along the C. P. R. R. Co.

The perseverance and integrity of this Company has been fully demonstrated in the success of their five years' experience, their shipments the past season including many large consignments to Australia, China and Japan. One of the large enterprises of this Company, and which they entertain as being one of the coming industries of this State, is the Olive, of which thousands are now being propagated, they having imported direct from Europe all of the new and leading varieties.

The "Fig," likewise, is being propagated to a large extent, embracing all of the best varieties. Their line of ornamental stock is very large and complete. We call particular attention to their fine stock of palms, magnolias, bamboo and roses. Of the latter they have ten acres now planted, which includes all of the new and rare kinds lately introduced. In connection, they have a large rose specimen grounds, where during the season nearly all of the varieties grown can be seen in bloom.

A specimen orchard is also on their grounds, which contains all the varieties of "Fruit" they offer for sale, and can be seen during the fruiting season.

Their descriptive Catalogue for the season 1888 and 1889 is now being published, and will contain the lists and cuts of the different kinds of fruits, showing the latest and favorite varieties. This catalogue should be in the hands of every fruit grower, or any person who is about to become one. The object is to make it *the* Nursery of the Pacific Coast. To this end, the observations of life-long experience in the business, untiring energy, coupled with every convenience which such experience or necessity may suggest, shall be devoted.

As a matter of information to our readers as to the reliability of the California Nursery Company, we herewith give the names of the officers: Directors—John Rock, James Hutchinson, R. D. Fox, Thos. Meherin, Wm. J. Lauders. John Rock, president; R. D. Fox, vice-president; J. H. Henn, secretary; Thomas Meherin, treasurer.

With ample means, wide experience and the services of John Rock, the veteran nursery man, as manager, it may be confidently expected that 1,000 acres or more of this rich virgin soil will be devoted to propagating young trees, small fruits and vines, that shall be planted in valley and hillside to ornament and beautify our homes, promoting health, wealth and happiness. Any one interested in fruit is cordially invited to take the C. P. R. R. at the foot of Market street, San Francisco, and one and a half hours' ride will give him a chance to inspect this great plant, by which eight passenger trains pass daily. The length of our article precludes us from giving a detailed description of the orchards and berry farms adjacent to Niles.

If enterprises of this character have enlisted the best efforts of men of experience and large means to create a nucleus that shall make our sister States and the world pay a tribute to our own State, such men should receive the plaudits of a grateful people.
